

Let's attack the root of the problem:

- Learn to recognize the local and broader patterns and tenants of Agenda 21. This way you can fight back with insight, starting where the attack all around you is happening and where you can win – at the local level.

The Globalist invasion is happening right under our noses. Every county in America has its local Agenda 21 implementation underway.

Megaregion – The Texas Triangle

Texas has a well developed Globalist Plan. For example, the *Texas Triangle* consists of Dallas-Fort Worth, Houston and San Antonio as the triangle points and all the cities along and within those points.

America 2050 wants to shape the infrastructure of the United States based on the concepts of environmental sustainability and social equity. Austin is part of the “Megaregion” Texas Triangle.

Infrastructure

Rebuilding and Renewing America

Our goal for shaping the infrastructure investment plan is to promote a "triple bottom line" strategy for infrastructure development in the United States. This concept refers to using environmental sustainability and social equity measures as the other important "bottom lines" . . .

The creation of a NAFTA superhighway is an integral part of the plan.

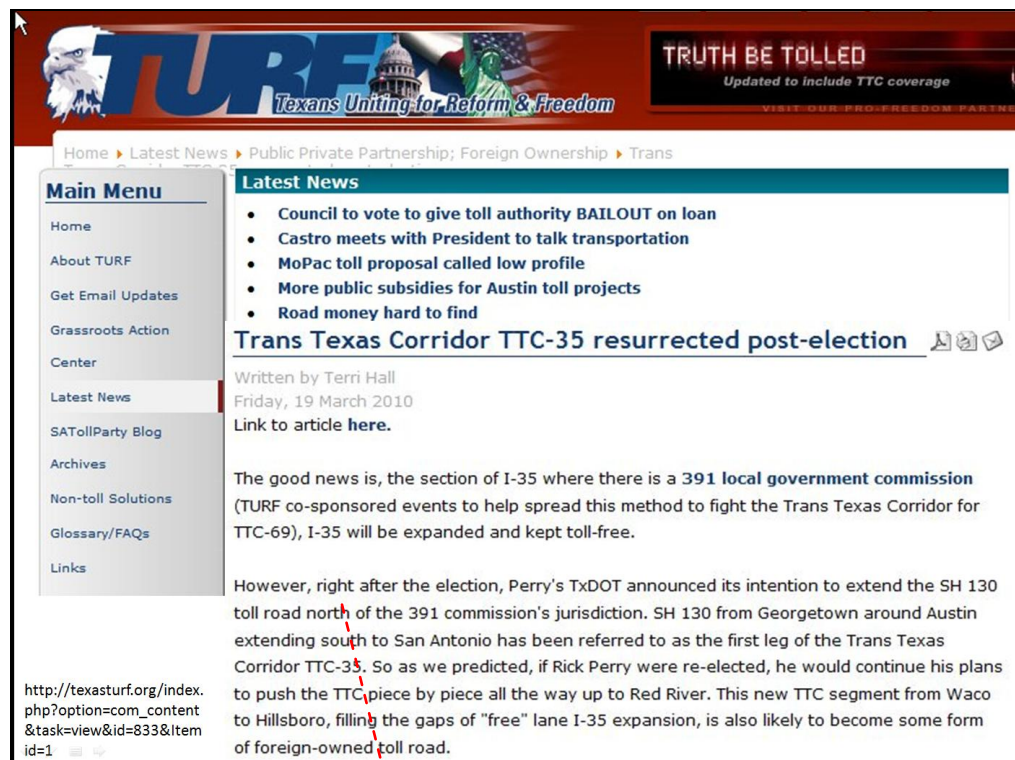

Texas Triangle

By 2050 about 35 million people, or 70 percent of the population of Texas, will live in the four metropolitan areas that comprise the **Texas Triangle**. Three of the nation's 10 largest cities are in the Triangle, including Houston, which has a port that handles more foreign tonnage than any other U.S. port. Efforts to create a **NAFTA superhighway from Mexico to Canada could create a developed corridor through San Antonio, Austin, and Dallas.**

http://www.america2050.org/texas_triangle.html

Texas TURF (Texans Uniting for Reform & Freedom) has been effective in fighting the Trans Texas Corridor (TTC).

[Advance PPT – click]

However, right after the election, Perry's TxDOT announced its intention to extend the SH 130 toll road north of the 391 commission's jurisdiction. SH 130 from Georgetown around Austin extending south to San Antonio has been referred to as the first leg of the Trans Texas Corridor TTC-35. So as we predicted, if Rick Perry were re-elected, he would continue his plans to push the TTC piece by piece all the way up to Red River. This new TTC segment from Waco to Hillsboro, filling the gaps of "free" lane I-35 expansion, is also likely to become some form of foreign-owned toll road.

The Texas Department of Transportation reported in July 2010 that the Trans Texas Corridor-35 (TTC-35) was dead. But is it really?

*Perfect
"Re-
Branding"*

The screenshot shows the Texas Department of Transportation (TxDOT) website. The header includes the TxDOT logo and a navigation menu with links: Business with TxDOT, Careers, Drivers & Vehicles, Local Information, News, Projects, Public Involvement, Safety, Travel, TxDOT Library, and About Us. The main content area is titled "Trans Texas Corridor-35" and contains the following text:

An official decision of no action on TTC-35 was issued by the Federal Highway Administration on July 20, 2010, formally ending any further Advancement of the project.

Simultaneously, citizens are taking planning into their own hands by developing a blueprint for the I-35 corridor. The I-35 Corridor Advisory Committee, along with the four I-35 Segment Committees, are currently working to develop **MY 35, a citizens' plan for I-35** guided by citizen input and local needs.

For more information on the I-35 expansion and citizen planning efforts, please visit MY35.org.

At the bottom, there is a URL: http://www.dot.state.tx.us/business/partnerships/ttc_35.htm

Two red dashed arrows point from the right side of the page towards the text "MY 35, a citizens' plan for I-35".

TTC-35 is now "MY 35" – the mirage of a "dead" Trans Texas Corridor.

*Hardly
a citizen
action
group!*

Let's examine aspects of the 'Local Action' Plan.

ICLEI

This is the most vulnerable globalist organization operating in America today.

[Advance PPT]

ICLEI is the international environmental agency for local governments.

ICLEI's mission is to build and serve a worldwide movement of local governments to achieve tangible improvements in global environmental and sustainable development conditions through cumulative local actions.

The full name of ICLEI is “The International Council for Local Environmental Initiatives”. It is also called “Local Governments for Sustainability”.

ICLEI is an important NGO that:

- Closely ties policy to man-made Global Warming and climate change.
- Has formed an international Congress filled with city and county representatives. This Congress acts as a shadow World Government.
- Directs Community Development and other local agencies and provides statutory and regulatory provisions that implement Sustainable policy locally.

Local tax funds pay the contract fee. Agenda 21 policy-making is fully embedded upon ICLEI’s arrival. At least 600 cities, including Bloomberg led New York City, from all across the nation, have ICLEI contracts. Local governments have been hijacked by world government agents.

Each ICLEI city's influence is expanded as ICLEI then automatically steers Regional Air, Transportation, Water Boards and many other "regional" transformational governance apparatus such as the *Capital Area Council of Governments (CAPCOG)*.

Article 1 Section 10 of the U.S. Constitution makes the following prohibition: "No state shall enter into any Treaty, Alliance or Confederation" with a foreign political entity. Neither may a city. Ask: Is it treasonous for city leaders to contract with ICLEI an International NGO and U.N. related organization? Yes! ICLEI contracts are treasonous.

Texas ICLEI Cities	
Arlington	Garland
Austin	Grapevine
Bryan	Houston
College Station	Irving
Coppell	Plano
Dallas	Richardson
Denton	San Antonio
Edinburg	South Padre Island
El Paso	Texarkana

Contracts with ICLEI guarantee implementation of international political and economic policy at the local level. Drive city alliances with ICLEI out of the communities surrounding you.

Where's the Sheriff? It is time for good Sheriffs to take action! Ridding towns of ICLEI is more important to the future of America than was the Sheriff's role in ridding the west of rustlers and train robbers! If Sheriffs are America's last hope, we need Sheriffs to start Kicking ICLEI Out of communities. City attorneys and County Counsel's offices also have a role to play. Their duty *is* as a fiduciary to you. Failure to protect you from ICLEI breaches their fiduciary duty and makes them liable to citizens.

So much of the Agenda 21 invasion at the local level relies on the man-made global warming fraud. But the unraveling of this masquerade has not yet hit the local political scene. ICLEI is particularly vulnerable because of general public awareness concerning the 'man-made warming' fraud. For several reasons citizens need to react to ICLEI soon! Now *is* the time.

Residents in Spokane Washington and various cities in the Colorado plains are taking on their city's contract and contract with ICLEI as other localized rebellions brew. You can do this too. We are following the *Kick ICLEI Out!*, campaign at FreedomAdvocates.org.

I am now going to sample the Austin area and pull examples of Agenda 21 Sustainable Development as it routinely pops up on the local scene. Most hometown participants think they are doing something unique, others think they are doing something for mankind – well – they are. They are putting mankind on the verge of serfdom.

You can recognize globalism operating at the local level by recognizing the themes and programs presented by the local Action network and understanding them in the context of Agenda 21.

Let's start by viewing a local regional council. The *Capital Area Council of Governments (CAPCOG)* is a soviet style council that develops policy that is then rubber-stamped by elected officials, with no meaningful public oversight. It is an extra constitutional level of government that advances globalist objectives.

**Serves
10
counties**

<http://www.capcog.org/about-capcog/#mission2>

**Capital Area
Council of Governments**

Serving Bastrop, Blanco, Burnet, Caldwell, Fayette, Hays, Lee, Llano, Travis, and Williamson Counties

YEARS OF REGIONAL LEADERSHIP
1970 - 2010

Goals

To lead in the **promotion of regionalism**;

To build **partnerships** for the **economic, environmental,** and **social development** of the region;

What Is A Council Of Governments (COG)?

Councils of Governments are **voluntary associations** of counties, cities, and special districts formed under Texas law. These associations deal with the problems and planning needs that cross the boundaries of individual local governments or that require regional attention. Although known by several different names, including council of governments, regional planning commissions, associations of governments and area councils, they are most commonly referred to as "COGs".

In short, *CAPCOG* exists to advance the globalist goals of regionalizing, abolishing private property, promoting the relocation of people from Wildlands and corridor areas to Smart Growth areas, and the conscription of

public private partners – the mandatory volunteers of the new fifth column.

Regionalism practiced by the *Capital Area Council of Governments (CAPCOG)* has birthed and administered the Texas Wildlands and Smart Growth policies including the environmental, economic, and transportation strategy for the 10-county *Capital Area* that includes Austin. This is a prototypical Agenda 21 soviet council. The scary part is that organizations like *CAPCOG* are everywhere. But the battle is always local.

Regionalism is the watchword. It is a core aspect of Sustainable Development. Regionalism might sound benign, but the consequences that come as a result of political regionalism must be understood by freedom loving people or liberty will be trampled. Regionalism is being used to destroy traditional boundaries and usher in a transformed system of governance that abolishes private property; a goal of Sustainable Development Agenda 21.

In the words of Charlotte Iserbyt former Department of Education Official, “Regionalism is Communism”. It erases political boundaries and thus representative government. Regional governance cannot coexist with a Republic form of government. We can account for much that is wrong today to organizations such as *CAPCOG*.

The purpose is to consolidate (“collaboration”) the global and regional effort to conspire against the idea of private property. They do this, in part, by advocating and establishing a system of “partners” who will cooperate with the new order. Often these people are present landowners. Of course the “partnership” has one way authority for most participants. The table will be shrunk once the collaboration consolidates. Such is the change or transformation that is taking place today.

RESOLUTION NO. 20050519-44

WHEREAS, the City of Austin's mission is to make Austin the most livable city in the country; and

WHEREAS, as members of the Austin City Council we have a unique opportunity to provide leadership to develop a sustainable urban community based on culturally and economically appropriate local actions; and

WHEREAS, the City of Austin has been invited to be a signatory of the United Nations Environmental Accords in an effort to advance sustainability, foster vibrant economies, promote social equity, and protect the planet's natural systems; and

Get ready for the city of Austin to 're-brand' once people figure out what this resolution amounts to.

Austin Sustainable Communities Initiative

Mission:

The City of Austin's Sustainable Communities Initiative (SCI) exists to help the greater Austin region achieve economic prosperity, [social justice](#), and [ecological health](#) - the highest possible quality of life in the best possible [environment](#).

Three Legs of Sustainable Development

The term "*sustainability*" was offered in 1987 by the [United Nation's](#) World Commission on Environment and Development in its report: [Our Common Future](#).

<http://www.norfolk.gov/mayor/trees/documents/green%20team/research%20and%20examples/city%20of%20austin%20-%20sustainable%20communities%20initiative.htm>

The pictures are so nice, the simple expression of the words so innocent sounding... Beware.

The poster features a green header with the text "liveablecity" in white and yellow, and "quality of life for all of Austin" in white. Below the header is a photograph of the Austin skyline. To the right of the photograph is a smaller version of the "liveablecity" logo and the text "Join us!" and "Memberships starting at \$35". Below the photograph, the text "Liveable City Mission" is followed by a paragraph describing the mission. At the bottom, there are two URLs: "http://www.liveablecity.org/wp-content/uploads/2009/10/skyline.jpg" and "http://www.liveablecity.org/".

liveablecity
quality of life for all of Austin

liveablecity
Join us!
Memberships starting at \$35

Liveable City Mission
Liveable City is an inclusive network of individuals working together to create a **community consensus** to **promote policies** that address the long term **social, environmental** and **economic** needs of the people of Austin.

Liveable City's mission is to safeguard Austin's long-term **social, environmental,** and **economic** well being by focusing on the interconnections among issues while educating, informing and empowering Austin's citizenry to improve the community's quality of life.

<http://www.liveablecity.org/wp-content/uploads/2009/10/skyline.jpg> <http://www.liveablecity.org/>

Livable Cities = "Smart Growth"; the stacking and packing of human beings in dense cities where people depend on public transportation rather than auto mobility.

Here's an example of this Stack 'em and Pack 'em housing.

“Green Building Program”

=

Effort to drive up costs and emaciate the middle class.

**Austin's Green Building Program:
A Tool for Sustainable Development**

Multifamily

Saltillo Lofts

Saltillo Lofts is a mixed-income development within walking distance to commercial corridors, major employment centers, and urban neighborhoods.

https://my.austinenergy.com/wps/portal/aegb/aegb/home?utp=ic504_S88K8xLUM0MSScPy&Bz9CP0os3qLAwMDZvdCRwP3EG8XA00mywBD55AwYyM_Y_twkA43Kgxh5gY4gKOBvp9Hfm5qfF3dpqo2i8AF5vM1e1dI3/d3L2dBI5EvZ0FEISnGSEh/

What that means is that we are to live in tightly controlled environments, with high density, without autos and subject to “smart” system monitoring.

Sustainable policy calls for biking and walking corridors. This isn't the plan for just here in Austin, it's happening everywhere.

But I don't know anyone who uses bicycles for transportation. Bicycles are used for recreation.

CAMPO – Capital Area Metropolitan Planning Organization

Bicycle and Pedestrian Coordination is an infrastructure highlight for a “Sustainable” society that has abandoned private property, constrained and controlled mobility, and one that has abandoned individuality.

What is the *Central Texas Sustainability Indicators Project*?

Central Texas is a special place and we continue to grow.
Tracking and shaping for the better how growth affects our quality of life, the education of our children, the environment around, above, and below us, the strength of our economy, the affordability of our communities, and our commitment to those with the least among us is our challenge.

Our region is incredibly diverse - integrating solid data and indicators with honest passion and values lets us create a clear picture of our region and our progress toward **sustainability**.

That's where we come in. Last Modified: 01-06-2010

[Tracking and Monitoring – using the data information system to lead to control over human action. The Soviet Union never had such a well developed soviet system!]

The youth are being prepped for Global Citizenship and the effort is working.

In polling we learned that last year a majority of 2009 high school and college grads identify themselves as “global citizens” not as Americans. Sustainability is being jammed down every youngster’s throat. The future is at risk.

**National Association of
Environmental Professionals**

Welcome!
**Welcome to the Texas State Environmental Student
Organization's Website. We are a **diverse** gathering of
students who share a **common** appreciation for the
environment. Through our local actions we encourage
progress and growth towards a global **sustainable** future.**

**Be the Change You Wish to
See in the World!**

A screenshot of the Young Professionals for International Cooperation (YPIC) website. The header features the United Nations Association of the United States of America and the Business Council for the United Nations logos, along with navigation links: DONATE NOW, JOIN US, STAY INFORMED, and TAKE ACTION. Below the header is a blue navigation bar with links for ADVOCACY, POLICY, EDUCATION, and MEMBERSHIP. The main content area has a large image of silhouettes of professionals in business attire standing in front of a world map. To the right of the image is the YPIC logo and a list of social media links: Bookmark & Share, Email this page, Contact Membership, UNA on YouTube, UNA on Facebook, and Follow UNA on Twitter. Below the image, the text reads "YOUNG PROFESSIONALS FOR INTERNATIONAL COOPERATION". Further down, the "Our Mission" section states: "We are dedicated to educating, inspiring and mobilizing Americans to support the principles and vital work of the United Nations, strengthening the United Nations system, promoting constructive United States leadership in that system and achieving the goals of the United Nations Charter." The URL <http://www.unausa.org/ypic> is displayed at the bottom right.

So much of the globalist invasion at the local level relies on the man-made global warming fraud. The unraveling of this masquerade has not yet hit the local scene.

The following listing incorporates those elected officials who give their support to ICLEI global warming policy. These people need to be voted out of office.

Mayors for Climate Change Texas List

Joe Chow	Addison	Ronald Jones	Garland
Dr. Robert Cluck	Arlington	Richard Ward	Hurst
Will Wynn	Austin	David Begier	Hutto
Becky Miller	Carrollton	Susie Houston	Laguna Vista
Ben White	College Station	Elizabeth Flores	Laredo
Douglas Stover	Coppell	Bill Whitfield	McKinney
C.L. Brown	Corsicana	J. Baumgardner	Mount Vernon
Laura Miller	Dallas	Pat Evans	Plano
Perry McNeill	Denton	Joe Vega	Port Isabel
Joe Ochoa	Edinburg	Gary Slagel	Richardson
John Cook	El Paso	Phil Hardberger	San Antonio
Mary Lib Saleh	Eules	David Marne	Shavano Park
Sim Israeloff	Fairview	Robert Pinkerton Jr.	So. Padre Island
Michael Moncrief	Fort Worth E.	David Wallace	Sugar Land
Michael Simpson	Frisco	Steve Mayo	Texarkana

Things like ICLEI's climate change "Best Practices" account for the federal government's financial condition. States and municipalities also commit massive resources to the policy commitments that fuel the Globalist transformation.

The 25-year green sector veteran spent much of her early career in Austin, working for the city's green builder program and as a water efficiency program manager for the [Lower Colorado River Authority](#). She also co-founded and acted as chair to the [Sustainable Building Coalition of Austin](#) and was one of the co-authors of the first edition of the Austin Green Builder Guide. Most recently, Athens worked as the senior sustainable futures strategist for [CollinsWoerman](#), a Seattle-based sustainable architecture, design and planning firm. She also served in key sustainability leadership positions with the board of directors for the [U.S. Green Building Council](#) Inc. and the [International Green Building Certification Institute](#). Her book, "[Building an Emerald City](#): A Guide to Creating Green Building Policies and Programs," has sent her to speaking engagements around the world.

<http://austin.bizjournals.com/austin/stories/2010/06/21/daily1.html>

Our response needs to be: Understand and recognize Sustainable Development locally and spread that understanding to others. We are not going to be salvaged by any existent political organization. Average Americans must understand and act to restore their area as the land of the free. There is no profit or power in Sustainable Development's exposure. There is only freedom for you, me and our children.

Today the ICLEI banner song relates to global warming. People across America need to realize that the man-made global warming charade is being used to drive local policy to usher in globalism in transition from the American way.

Nazi Germans were early greens. Adolf Hitler's commitment to forest protection was fulfilled as he implemented his resource monitoring system. It was... well, pure fascism. Today we call the same thing happening in America 'public private partnerships'!

You too can be a partner – just accept the concept of voluntary compliance to the new order.

“Get your Permit!” (or else...says the Fuhrer)

Austin is a *Transition Town*. A key to understanding Transition Towns is recognizing that the organization is founded and operated out of Great Britain. Transition Towns are a tool to prepare local communities for their role as an outpost of world government. Transition Towns are now swarming the U.S.

The banner features a photograph of a wooden bridge over a river on the left. The title "Transition Austin" is in large, bold, brown letters, followed by a map of Texas with a yellow star in the central region. Below the title, it says "Welcome to the Web Site for". To the right of the text is a map of Austin divided into colorful districts. The main text reads: "The world is changing: the age of oil is ending, the climate is changing (warming, here in Texas), and the economic system is teetering." This is followed by a question: "Will we live that **change as a planned**, even **joyous transition**, or will we stand here and let it hit us like an oncoming train?" Below this is a statement: "We of Transition Austin choose to get ready, and to thrive in the new world that's coming." The mission statement follows: "Our Mission: Sparking Austin's Transition to ecological and **social resilience** amid **global economic** and **environmental crises** through education, organizing, and community building." The URL <http://www.transitionaustin.org/> is at the bottom right.

Transition Austin

Welcome to the Web Site for

The world is changing:
the age of oil is ending,
the climate is changing (warming, here in Texas),
and the economic system is teetering.

Will we live that **change as a planned**, even **joyous transition**,
or will we stand here and let it hit us like an oncoming train?

*We of Transition Austin choose to get ready, and to
thrive in the new world that's coming.*

Our Mission:
Sparking Austin's Transition to ecological and **social resilience**
amid **global economic** and **environmental crises**
through education, organizing, and community building.

<http://www.transitionaustin.org/>

Our sources in Great Britain inform us that Transition Towns are a creation of the British Fabian Socialist Society. One point in that regard: The London School of Economics is Fabian based. The founders of the school also were founders of the Fabian Society. Santa Cruz mayor Ryan Coonerty has a Masters degree from the London School of Economics. My sense is that Ryan Coonerty had a major role in bringing this localized global organization to America. This all gives real meaning to the term “British Invasion”.

Consider what has been illustrated here today – The Wildlands Project, Smart Growth, Regionalism, the Three Es, Sustainable or Livable Communities and Sustainable ideology, Tracking and Monitoring methods, and Education for Global Citizenship.

Agenda 21 people are organized even as their active drones don't know what they are organized around. Agenda 21 shows itself everywhere you look.

Do you think our politicians and bureaucrats are serving us?
