COMPLAINT REGARDING, 'ACTS OF FOREIGN INTERFERENCE; WHETHER DIRECTED FROM, OR COMMITTED WITHIN, AUSTRALIA OR NOT';

I formally bring to your attention my complaint which I believe is covered under the Attorney General's Guidelines, subsections 8A {1} and 8A {2} of the Australian Security Intelligence Organisation Act 1979 {The ASIO Act} under 2 ASIO's Functions – 2.2. [A] THE PROTECTION OF, AND OF THE PEOPLE OF, THE COMMONWEALTH AND SEVERAL STATES AND TERRITORIES FROM {vi} Acts of foreign interference; whether directed from, or committed within, Australia or not; I do this because it is my lawful obligation as an Australian citizen to report such acts directly directed at removing Australia's sovereignty, replacing the Australian Commonwealth Government with a One World Government controlled by the United Nations.

I also submit this complaint because there is a connection between Australia's National Security and an Agenda for Global Governance.

"Over the past 100 years there have been attempts at world government via two world wars, the League of Nations and now the U.N. which has held numerous summits and conferences to that end." {Advance Bulletin, Patriot Act: Global Connections, by Joan Peros.}

PREAMBLE:

“In 1986 the Government of the day passed the AUSTRALIA ACT. The effect of this act was to cut our links with Great Britain and the Constitutional Monarchy, and all our rights and freedoms. It also, purportedly, gave our politicians the right to amend the CONSTITUTION without a referendum of the people.”

“In 1992, our Federal Government signed the United Nation’s Agenda 21. This was without asking the Australian people if they wanted to become a coalition member of the United Nation’s blueprint for a ONE WORLD GOVERNMENT {GLOBALISATION}.”

“Incredibly in 1998, the second year of John Howard’s leadership he announced that in his perception Australia had lost its sovereignty and was virtually governed by international forces.”
{Weekend Australian Newspaper}.

“The early 1990’s saw the beginning of Agenda 21 and the Australian Government create the Council of Australian Governments.....COAG. This was facilitated under the Department of Transport and Regional Services ‘DOTARS’. This enlisted the State Governments into the agenda. Subsequent to the creation of COAG, the Local Governments were enlisted by the creation of the Australian Local Government Association.... ALGA.” ***{Regional Development Strategy, peoples mandate website}***

FIRST, SUCCESSIVE AUSTRALIAN GOVERNMENTS HAVE, OVER THE PAST 23 YEARS, DECEIVED AND BETRAYED THE PEOPLE’S TRUST, USURPED THE CONSTITUTION, AND SUBVERTED DEMOCRACY. THEY HAVE BETRAYED THE AUSTRALIAN PEOPLE ON AN UNPRECEDENTED SCALE BY COVERTLY FORCING THE IMPLEMENTATION OF THE UNITED NATION’S AGENDA 21.

- **AGENDA 21 WHICH INCLUDES CLIMATE CHANGE HAS AND IS BEING IMPLEMENTED BY FOREIGN UNELECTED BODIES, FIRST, THE UNITED NATIONS THROUGH THEIR ‘INTERNATIONAL COUNCIL FOR LOCAL ENVIRONMENTAL INITIATIVES’ GLOBAL, ICLEI OCEANIA {AUSTRALIA AND NZ} SINCE RENAMED ICLEI LOCAL GOVERNMENTS FOR SUSTAINABILITY, COMMUNIST MIKHAIL GORBACHEV’S GREEN CROSS INTERNATIONAL, AND GREEN CROSS AUSTRALIA, WHICH IS AIMED SQUARELY AT REMOVING THE COMMONWEALTH GOVERNMENT’S SOVEREIGNTY AND REPLACING THE AUSTRALIAN GOVERNMENT WITH A ONE WORLD GOVERNMENT.**
- **AGENDA 21 IS A FOREIGN PROGRAM WHICH INSIDIOUSLY AND Pervasively INFILTRATES AND INFLUENCES NATIONAL AND SUB-NATIONAL LAWS IN COUNTRIES AROUND THE WORLD.**
- **AGENDA 21 ERODES AND DIMINISHES NATIONAL SOVEREIGNTY**

- **AGENDA 21 ERODES OR DIMINISHES FUNDAMENTAL HUMAN RIGHTS, ESPECIALLY PRIVATE PROPERTY RIGHTS.**
- **AGENDA 21 IS FUNDAMENTALLY UNDEMOCRATIC AS IT IS IMPLEMENTED COVERTLY AS EMBEDDED OR UNOFFICIAL POLICY AND IS CONSISTENTLY REMOVED FROM THE ELECTORAL AGENDA OVER THE PAST TWENTY THREE YEARS.**

SECOND, SUCCESSIVE AUSTRALIAN GOVERNMENTS HAVE NOT ONLY ALLOWED AND SUPPORTED, BUT CONTRIBUTED FINANCIALLY TO THE SETTING UP OF THE UNITED NATION'S 'INTERNATIONAL COUNCIL FOR LOCAL ENVIRONMENTAL INITIATIVES {ICLEI} GLOBAL, BASED IN BONN GERMANY, ICLEI OCEANIA {AUSTRALIA AND NZ} BASED IN MELBOURNE, CREATED IN 1999, RENAMED IN 2002 'ICLEI LOCAL GOVERNMENTS FOR SUSTAINABILITY' AND MIKHAIL GORBACHEV'S GREEN CROSS AUSTRALIA, IN THEIR IMPLEMENTATION OF AGENDA 21.

MEMBERS:

ICLEI has ordinary Members {voting} which include Federal and State Local Government Associations, and Local Governments {Councils}.

ASSOCIATE MEMBERS:

Their 'ASSOCIATE' Members {non - voting} includes NFP, NGO's, universities, companies, government departments, environmentalists, individuals, media etc. All have been working covertly to implement Agenda 21 and replace the Australian Government with a One World Government.

The associated members above do most of the behind the scenes work in discussions that result in Australia signing UN Agreements etc, and are dedicated to implementing AG21, and undermining Australia's economy, including the coal companies in Australia.

SUCCESSIVE AUSTRALIAN GOVERNMENTS HAVE ALSO COERSED, BRIBED AND FORCED STATE, TERRITORY AND LOCAL GOVERNMENTS TO BECOME ICLEI OCEANIA ASSOCIATE MEMBERS AND MEMBERS {VOTING} AND TO IMPLEMENT AG21 PROGRAMS AND CAMPAIGNS THROUGH INCENTIVES, THROUGH THE NATIONAL, STATE AND TERRITORY LOCAL GOVERNMENT ASSOCIATIONS, ENVIRONS AUSTRALIA, NATIONAL COMPETITION POLICY , {NCP} AND COAG.

COUNCILS OF AUSTRALIAN GOVERNMENTS {COAG} ARE UNCONSTITUTIONAL REGIONAL GOVERNMENT AGENCIES THAT USURP AUTHORITY AND SOVEREIGNTY FROM OUR STATE AND LOCAL GOVERNMENTS. THE AUSTRALIAN FEDERAL GOVERNMENT HAS USED COAG, THE AUSTRALIAN LOCAL GOVERNMENT ASSOCIATION {ALGA}, STATE AND TERRITORY LOCAL GOVERNMENT ASSOCIATIONS AS PRIME DRIVERS IN IMPLEMENTING AGENDA 21 AND SUSTAINABLE DEVELOPMENT THROUGHOUT AUSTRALIA.

THIRD, AUSTRALIAN GOVERNMENTS HAVE COVERTLY INVITED AND FUNDED COMMUNIST MIKHAIL GORBACHEV, PRESIDENT OF GREEN CROSS INTERNATIONAL, TO COME TO BRISBANE, AUSTRALIA IN 2006 TO CO-HOST THE 'EARTH DIALOGUES' WITH PREMIER PETER BEATTIE.

THE PURPOSE OF THE EARTH DIALOGUES WAS TO SET UP AN AUSTRALIAN ARM OF GREEN CROSS INTERNATIONAL, IMPLEMENT AGENDA 21 AND EMBED MIKHAIL GORBACHEV AND MAURICE STRONG'S 'EARTH CHARTER' INTO OUR SCHOOL EDUCATION ENVIRONMENTAL CURRICULA.

IN LATE 2006, GREEN CROSS AUSTRALIA WAS CREATED, WAS ORIGINALLY BASED AT BRISBANE CITY HALL, KING GEORGE SQUARE, BRISBANE, IN ORDER TO INSTALL MIKHAIL GORBACHEV AND MAURICE STRONG'S {RECENTLY DECEASED } 'EARTH CHARTER', INTO QUEENSLAND'S EDUCATION CURRICULA AND TO CONTINUE THE IMPLEMENTATION OF AGENDA 21 AND THEIR CLIMATE CHANGE AGENDA.

THE FEDERAL, STATE GOVERNMENT AND BRISBANE CITY COUNCIL PROMOTED, PART FUNDED AND THEN INTRODUCED MIKHAIL GORBACHEV AND MAURICE STRONG'S 'EARTH CHARTER', INTO AUSTRALIAN SCHOOLS.

Green Cross Australia documents inform us to the names of those **NFP, NGO's and Media** who are being used by Green Cross Australia to undermine the Australian Government, its sovereignty and replace it with a One World Government. The actions of some of the NGO, NFP and Environment Groups involved with Green Cross and ICLEI regarding coal are an example of their reach and influence as is the fact that the media has refused to inform the Australian public on the Agenda 21 issue over the past 23 years.

{REFERENCE EXTENSIVE INFORMATION ON BOTH GREEN CROSS AND ICLEI FURTHER ON}.

9/11 NEW WORLD ORDER: MICHAEL SHAW, AGENDA 21:

Joan Veon {In Prince Charles: "**The Sustainable Prince**"}, paraphrases Agenda 21/Sustainable Development as follows:

"THE WORLD HAS TOO MANY PEOPLE, AND IF WE DO NOT REDUCE THE NUMBER OF PEOPLE ON PLANET EARTH THEY WILL USE UP ALL OF THE EARTH'S RESOURCES SO THAT FUTURE GENERATIONS WILL BE LEFT WITHOUT ANY RESOURCES. THE UNITED NATIONS IS THE BEST GLOBAL BODY TO MONITOR, MANAGE AND PRESERVE THE RESOURCES OF THE PLANET."

SUCCESSIVE AUSTRALIAN GOVERNMENTS HAVE COVERTLY USED THEIR FOREIGN AFFAIRS POWERS OF THE COMMONWEALTH TO INVOLVE AND PART FUND THE UNITED NATIONS AGENDA 21 PROGRAM, CAMPAIGNS INCLUDING CLIMATE CHANGE AN AGENDA THAT MASSIVELY INTERFERES IN AUSTRALIAN INTERNAL AFFAIRS, HIDING THAT INVOLVEMENT FROM THE AUSTRALIAN PUBLIC. EVEN TO THE EXTENT OF EMBEDDING COMMONWEALTH TRAINED OFFICERS WITHIN LOCAL COUNCILS.

CONCERNS:

No Federal, State or Local Government have ever publicly released or reported in their financial statements or budgets the amount of money, now in the billions that they have spent in implementing the UN's Agenda 21 and the Climate Change agenda, over a twenty 23 year period, nor have they informed us of the on-going costs.

No Federal, State or Local Government has informed their residents or voters about their involvement in the implementation of Agenda 21 over the past 23 years.

No Federal, State or Local Government has allowed their residents or voters a democratic choice or basic human right to vote on whether or not they want Agenda 21 implemented.

SO

Successive Australian Governments

{1} Have used their foreign affairs powers of the Commonwealth to invite and part fund the United Nations Agenda 21 Program, campaigns, including climate Change agenda that massively interferes in Australian internal affairs,

{2} Established unconstitutional intergovernmental agreements to dictate United Nations policies or imported international policies to states that have removed Australia's sovereignty.

{3} Established unconstitutional, intergovernmental organisations such as COAG and local government associations, to dictate unpopular or undemocratic policies to states and local councils.

{4} Dictated United Nation's policies to councils by funding, planning and **by embedding Commonwealth trained officers within councils** and by working federally and with Local Government Associations.

{5} Worked with the Judiciary to enable judicial decisions based upon political ideology, international agreements, or judicial activism rather than impartiality.

{6} Implemented critical policies at the executive or bureaucratic level, and used "skeleton" Acts of Parliament or "DELEGATED" legislation, to enable avoidance of parliamentary scrutiny and transfer of undemocratic regulatory power to the executive.

Worst of all they have handed Australia's sovereignty over to foreign, unelected dictatorships who have gone on to dictate policies at all levels of Australian Government, first, through the United Nation's 'International Council for Local Environmental Initiatives', {ICLEI Global} created in 1990, based in Bonn Germany, allowed the formation of ICLEI Oceania, {Australia and NZ}, created in 1999 and based on Australian soil in Melbourne, since renamed in 2002 ICLEI Local Governments for 'SUSTAINABILITY'.

{7} Continually lied to and misled the Australian public on the issue of their implementation of Agenda 21 and the Climate Change agenda.

PRIME MINISTER, PREMIERS AND PRESIDENT OF THE LOCAL GOVERNMENT ASSOCIATION SIGN THE INTERNATIONAL AGREEMENT ON THE ENVIRONMENT {IGAE} OVERRIDING THE AUSTRALIAN CONSTITUTION, WITHOUT ANY REFERENDUM. COMMONWEALTH GOVERNMENT EMBEDS SUSTAINABILITY OFFICERS IN COUNCILS AROUND AUSTRALIA TO IMPLEMENT THE UN'S AGENDA

21. JUDICIARY ADMITS IMPLEMENTING AG21. SPECIALISTS ENVIRONMENTAL COURTS. HON GREG HUNT STATES THAT THE COMMONWEALTH GOVERNMENT HAS NO INFLUENCE OVER COUNCILS.

SIGNATORIES TO THE ‘INTERNATIONAL AGREEMENT ON THE ENVIRONMENT’ {IGAE} ACKNOWLEDGE CONSTITUTION IS OUTDATED AND IRRELEVANT: PRIME MINISTER, PREMIERS AND PRESIDENT OF LOCAL GOVERNMENT ASSOCIATION, SIGN IGAE TO IMPLEMENT AGENDA 21.

According to the Hon Justice Paul L Stein in a 1999 speech entitled,

“NEW DIRECTIONS IN THE PREVENTION AND RESOLUTION OF ENVIRONMENTAL DISPUTES – SPECIALISTS ENVIRONMENTAL COURTS”:

*“As a result of the Rio Earth Summit and Agenda 21, the Commonwealth and the Australian States and Territories entered into the ‘**Intergovernmental Agreement on the Environment**’ {IGAE}. The agreement provided that all signatories would implement certain core ESD principles in policy and decision making. The IGAE was endorsed by all parties in May 1992.”*

For 23 years from Keating to Howard to Gillard to Abbott to Turnbull all major political parties covertly implemented what Australian politicians said was a ‘**non-binding**’ United Nations Agenda 21 Program without Australians’ knowledge, without their consent, while deceiving the people and denying the people a democratic choice, while the media remained silent on this issue.

Graham Williamson.

COMMONWEALTH GOVERNMENT EMBEDS SUSTAINABILITY OFFICERS IN COUNCILS AROUND AUSTRALIA TO IMPLEMENT THE UNITED NATION’S AGENDA 21 THOUGH GREG HUNT SAYS COMMONWEALTH HAS NO INFLUENCE OVER COUNCILS.

THE JUDICIARY ADMITS IMPLEMENTING PROVISIONS OF AG21.

*“While AG21 and reporting agreements are not mandatory until enforced by international law or backed by Australian legislation, the legislators have been rewriting the legal system as is made clear by Justice Brian Preston, the Chief Judge of the Land and Environment Court of NSW in his paper on the “**JUDICIAL IMPLEMENTATION OF THE PRINCIPLES OF ECOLOGICALLY SUSTAINABLE DEVELOPMENT IN AUSTRALIA AND ASIA**”.*

*“The fact that these reporting requirements have filtered through to local councils is confirmed by BAW BAW Council in Appendix 2 of their Climate Change Strategy, **which notes that their Local Agenda 21 initiatives are monitored by the United Nations.**”*

AUTHOR’S COMMENTS.

In fact, the United Nations has monitored all Federal, State and Local Governments implementation of Agenda 21 since 1994.

According to Chris McGrath's;

"SYNOPSIS OF THE QUEENSLAND ENVIRONMENTAL LEGAL SYSTEM":

"International considerations may also influence the Queensland environmental legal system through international debate and policy documents {"sometimes called soft laws"} such as Agenda 21 and the Earth Charter forming the basis for government policy

JUSTICE PRESTON DETAILS THE HISTORY OF SUSTAINABLE DEVELOPMENT AND AGENDA 21, WHICH WAS AGREED TO AT THE UNITED NATIONS CONFERENCE ON ENVIRONMENT AND DEVELOPMENT {UNCED} IN 1992 AND THEIR INCLUSION IN AUSTRALIAN LAWS THROUGH TWO GUIDING DOCUMENTS DEVELOPED BY THE AUSTRALIAN GOVERNMENT, THE INTERGOVERNMENTAL AGREEMENT ON THE ENVIRONMENT AND THE NATIONAL STRATEGY FOR ECOLOGICALLY SUSTAINABLE DEVELOPMENT."

GREG HUNTS CORRESPONDENCE, AUSTRALIA'S COMMITMENT TO AGENDA 21 IS REFLECTED IN A STRONG NATIONAL RESPONSE , ANNUAL REPORTS TO THE UN ON THE IMPLEMENTATION OF AG21, NATIONAL COMMONWEALTH GOVERNMENT EDITORIAL COMMITTEE FOR AG21 REPORTS, 1998 NATIONAL REPORT, SENATOR IAN MC DONALD AT BRISBANE FORUM, MINISTER ROS KELLY INTRODUCES AG21 TO PARLIAMENT, COMMONWEALTH APPROACH TO ESD, ENVIRONMENTAL RESOURCE OFFICER SYSTEM, HOW TO IMPLEMENT AG21 FOR COUNCILS AND UNESCO.

AUSTRALIAN POLITICIANS OBEDIENTLY OBEY THE UN WITH BIPARTISM POLICIES TO EMBED AGENDA 21 TO PREVENT DEMOCRATIC CHOICE.

IN THE ARTICLE 'SLEEPWALKING INTO A LOSS OF NATIONAL SOVEREIGNTY', MAURICE NEWMAN, FORMER PRIME MINISTER ABBOTTS BUSINESS ADVISER BEFORE THE UN HELPED REPLACED TONY ABBOTT WITH MALCOLM TURNBULL, DESCRIBED AG21 AS A UN SYSTEM OF CONTROL AND WEALTH DISTRIBUTION UNDER THE GUISE OF ENVIRONMENTALISM.

AGENDA 21: POLITICIANS SHUTTING THE DEBATE DOWN- BY GRAHAM WILLIAMSON:

SYNOPSIS:

"Claims by Greg Hunt, the former Shadow Minister for Climate Action, Environment and Heritage, now Environment Minister, that Agenda 21 is a 20 year old, dead, non-binding declaration which he had never heard of until 1 year ago, **are tested and compared to the facts as established from extensive government documentation.**"

"Agenda 21 and associated imported sustainability programs are shown to have been implemented extensively and pervasively, and by both major political parties and all three levels of Government in every state of Australia for nearly twenty years. AG21 has penetrated from Canberra to local communities everywhere. **It shapes our legal system, our economic system, our environmental**

system, our political system and even the education of our children. It is not possible to imagine a more massive political policy, yet it is consistently excluded from the electoral agenda and the official policies of all major parties. “

“AGENDA 21 IS THE MOST MASSIVE FAR REACHING POLITICAL POLICY IN THE HISTORY OF AUSTRALIAN FEDERATION YET IT IS BEING ENFORCED UPON US, AND OUR DEMOCRATIC RIGHT TO CHOOSE HAS BEEN CONSISTANTLY DENIED BY BOTH MAJOR POLITICAL PARTIES.”

“This is a massive scandal and it is why our politicians are desperately trying to shut the debate down. It is a scandal that dwarfs even the CO2 tax and Climate Change.”

RESPONSE FROM GREG HUNT TO QUESTIONS ASKED BY GRAHAM WILLIAMSON.

*“There is nothing to ban. It is a 20 year old non binding declaration. I can honestly tell you that I had never heard of it raised once during the entire period of the Howard Government in the party room or in the ministerial discussions..... For the final time I had never heard of the issue, heard it raised by Ministers, MP’s or constituents until 19 years after the thing was apparently signed..... Given that for the first 19 years the issue appears to have escaped both of our attention can I respectfully suggest that the discovery of a dead, irrelevant declaration 19 years after the fact may cause everyone to be calm.....I will respectfully draw this engagement to a conclusion and encourage you from here to approach State based Governments **as we have no powers over local government.**”*

BUT, IF YOU LOOK ON THE GOVERNMENT’S WEB SITE

<http://www.environment.gov.au/about/international/uncsd/index.html#agenda> 21 you will see **“AUSTRALIA’S COMMITMENT TO AGENDA 21 IS REFLECTED IN A STRONG NATIONAL RESPONSE TO MEET OUR OBLIGATIONS UNDER THE INTERNATIONAL AGREEMENT.”**

“Greg’s blatant denial of both our ‘Strong National Response’ and our ‘Obligations’, even after 20 years of implementation throughout Australia is indeed alarming.”

“As Greg should also be aware, Agenda 21 is the cornerstone of the Commonwealth Government’s ‘NATIONAL STRATEGY FOR ECOLOGICALLY SUSTAINABLE DEVELOPMENT ‘ WHICH STATES; THE RIO DECLARATION AND AGENDA 21 PROVIDE A BROAD FRAMEWORK FOR GLOBAL SUSTAINABLE DEVELOPMENT.”

“AUSTRALIA’S NATIONAL STRATEGY FOR ESD PROVIDES A NATIONAL FRAMEWORK FOR THE IMPLEMENTATION OF AGENDA 21. THE NATIONAL STRATEGY FULFILLS THE OBLIGATION AUSTRALIA ENTERED INTO IN RIO DE JANEIRO TO IMPLEMENT AGENDA 21.”

THE COMMISSION ON SUSTAINABLE DEVELOPMENT {CSD} REQUESTED ALL COUNTRIES, INCLUDING AUSTRALIA, TO PROVIDE ANNUAL REPORTS ON THEIR IMPLEMENTATION OF AGENDA 21.

HOW WAS THIS REPORT WRITTEN-1994-5-6?

The presentation of this report was overseen by an editorial committee composed of the following members.

NATIONAL COMMONWEALTH GOVERNMENT EDITORIAL COMMITTEE MEMBERS:

***DEPARTMENT OF ENVIRONMENT, SPORT AND TERRITORIES {CONVENOR}**

- * Department of the Prime Minister and Cabinet
- * Department of Foreign Affairs and Trade
- * Department of Primary Industries and Energy, and
- * The Australian Agency for International Development {AusAID}.

The final report was approved by the following Ministers.

- * Minister for the Environment, Senator Hon Robert Hill
- * Minister for Foreign Affairs, the Hon Alexander Downer MP
- * Minister for Primary Industries and Energy, the Hon John Anderson MP and
- * Minister for Resources and Energy, Senator the Hon Warwick Parer.

*“So under Greg’s watch as senior adviser to Alexander Downer, Alexander Downer approved the annual report relating to implementation of the “dead” AG 21 Agreement, which Greg now claims he had never heard of. **But similar reports were issued every year 1995, 6, 7, 8, 9, 2010, 11, 12, 13, 14.** So this dead non-binding agreement continued to be implemented for 20 years in line with the government’s ‘international agreement’.*

AUTHORS COMMENTS:

One must read this entire document as it also includes names of others involved in this scandal. And then there is the Commonwealth Government funded **Environment Resource Officer Scheme**. The rest of this complaint including the ERO’s is proof that the Federal Government has been covertly implementing Agenda 21 **through Environment Australia’s Intergovernmental Unit and ANZECC Secretariat**, since 1992. I believe that what we have here is a continuing conspiracy against the Australian people and their government by a number of selected politicians, media, civil society, NFP and NGO’s, environmentalists, companies, local governments, Local Government Associations, Federal, State and Territory Governments and their departments, universities etc .

Those involved are listed in both ICLEI Oceania and Green Cross Australia’s websites etc.

AGENDA 21 FACTS AND QUOTES

GRAHAM WILLIAMSON FEB 2015

“Why did successive governments send expensive implementation reports to the UN to prove they are implementing AG21 when the politicians tell the public they are not implementing it?”

“The UN further confirms the connection between Australia’ ESD strategy and Agenda 21 with their AG21 implementation and national monitoring reports {70, 71, 72, 73, 74, 75, 76, 77, 78, 78, 80}.”

AUTHOR’S COMMENTS:

Agenda 21 is a foreign United Nations program aimed at controlling all aspects of people’s lives. AG21 is an attempt to undemocratically enforce upon Australians a ‘FOREIGN SOLUTION’ for what are termed ‘SUSTAINABILITY’ issues.

AG21 is a blank cheque with no clearly defined goals and no clearly defined limits.

Implementation of Agenda 21 around the world has been monitored by the United Nations

Commission on Sustainable Development {CSD}.

The guiding principle behind AG21 is a belief in GAIA or Eco-centrism or supremacy of the rights of plants and the environment.

ENVIRONMENT : {Author. A more extensive coverage page 16}**

*"The Commonwealth Government is taking action on a number of fronts to promote the implementation of ESD in partnership with other spheres of government with industry and community groups. I wanted to highlight a few key areas where the Commonwealth Government is involved and they are the **Natural Heritage Trust, Climate Change, the oceans and some environmental legislation.**"*

"COMMONWEALTH INITIATIVES TO SUPPORT THE IMPLEMENTATION OF LOCAL AGENDA 21";
*"Commonwealth policies are a catalyst for the development of these **dynamic partnerships**. The Commonwealth has several initiatives designed to support and provide a catalyst for the development of Local Agenda 21 in Australia."*

"The Environment Resource Officer {ERO} Scheme is operated by the Department of Environment to work in partnership with Local Government. The Scheme funds part of the cost of a dedicated environment officer in a peak local government organisation in each state to work with councils to MAXAMISE positive outcomes."

*"Last year we also funded a National Environment Officer to be based in Environs Australia. **This ERO scheme is one of the main ways the Commonwealth communicates with and provides information on Commonwealth environmental policies and programmes to local government.**"*

*“The Commonwealth has recently changed the work plans of the ERO in response to this upsurge in interest following the Newcastle Conference. **Promoting and assisting councils to develop and implement Local Agenda 21 is a significant part of the Environment Resource Officer’s work during the current financial year.**”*

*“In addition, a major task of the National Resource Officer is to provide advice on national themes and options for promoting Local Agenda 21 to councils. **This includes developing implementation strategies.**”*

“To add impetus to Local Agenda 21 the Commonwealth has recently commissioned the development of a new how to do it manual for local councils which will be ready for release mid- year. This manual will go about assisting Local Government and local communities to forge and build local partnerships for sustainability.”

“The manual will draw on and incorporate the wealth of experience in developing and implementing Local Agenda 21 which has taken place around Australia and throughout the world since the 1992 Earth Summit.”

ENVIRONMENT MINISTER ROS KELLY INTRODUCES AGENDA 21 TO PARLIAMENT ON 26TH MAY 1992:

*“AGENDA 21 IS A TRULY MASSIVE DOCUMENT.....It is a blueprint or set of guidelines, not just for individual countries, importantly, for the entire United Nations system as well as for individuals.....The recommendations of AG21 cover **a wide range of issues and responsibilities for implementation, cutting across virtually every Commonwealth and State agency as well as local government and non-government sector**My department has the responsibility for the overall coordination of the domestic follow-up of AG21, although **other agencies will have a more direct implementation task.**“*

HON SENATOR IAN MACDONALD:

**ECOLOGICAL SUSTAINABLE DEVELOPMENT AND LOCAL AGENDA 21:
PUBLIC SYMPOSIUM FORUM BRISBANE. 4TH APRIL 1998.**

On 4th April 1998 **Hon Senator Ian Macdonald**, Parliamentary Secretary to the Minister for the Environment at a public symposium forum in Brisbane entitled **“ECOLOGICAL SUSTAINABLE DEVELOPMENT AND LOCAL AGENDA 21”** outlined the influence of the Commonwealth upon implementation of AG21 at the local level and the funding provided by the Commonwealth.

“Can I perhaps -----congratulate the people -----A partnership between Governments of all levels, between business and industry and most important community groups.”

COMMONWEALTH’S APPROACH TO ESD.

“THE CONCEPT OF SUSTAINABLE DEVELOPMENT HAS BEEN WITH US NOW SINCE THE RIO EARTH SUMMIT IN 1992, AND ACTION HAS BEEN GUIDED AT THE INTERNATIONAL LEVEL BY LOCAL AGENDA 21.”

“AT THE NATIONAL LEVEL, ACTION HAS BEEN GUIDED BY THE 1992 NATIONAL STRATEGY FOR ECOLOGICALLY SUSTAINABLE DEVELOPMENT, ENDORCED BY THE COMMONWEALTH, STATE AND TERRITORY GOVERNMENTS AS WELL AS THE AUSTRALIAN LOCAL GOVERNMENT ASSOCIATION”

“SENATOR HILL, RE-AFFIRMED AT THE UNITED NATION’S GENERAL ASSEMBLY SPECIAL SESSION {UNGASS} LAST JUNE AUSTRALIA’S COMMITMENT TO THE PRINCIPLES OF THE NATIONAL SUSTAINABILITY DEVELOPMENT STRATEGY.”

*“THE COMMONWEALTH GOVERNMENT IS TAKING ACTION ON A NUMBER OF FRONTS TO PROMOTE THE IMPLEMENTATION OF ESD IN PARTNERSHIP WITH OTHER SPHERES OF GOVERNMENT AND INDUSTRY AND COMMUNITY GROUPS. I WANTED TO HIGHLIGHT A FEW KEY AREAS WHERE THE COMMONWEALTH GOVERNMENT IS INVOLVED AND THEY ARE THE **NATURAL TRUST, CLIMATE CHANGE, THE OCEANS AND SOME ENVIRONMENTAL LEGISLATION.**”*

“The ---government’s commitment is underscored by the establishment of The Natural Trust. This Trust not only implements Ecological Sustainable Development but also reflects the partnership approach.”

LEGISLATION:

“The government is also completely overhauling and modernising its approach to Commonwealth / state roles and responsibilities for the environment.....”

LOCAL AGENDA 21: TRANSLATING ESD INTO ACTION AT THE LOCAL LEVEL:

“I JUST WANT TO TURN TO HOW ESD IS BEING IMPLEMENTED AT THE LOCAL LEVEL”.

*“Local Government is, as Senator Hill has described it, at the coal face when it comes to key areas.....such as **“URBAN PLANNING”**, environmental health, water supply, pollution control, sewerage treatment, waste management and disposal, and natural resource management.”*

“In recognition of the importance of this process the June 1997 meeting of APEC Environment Ministers undertook to double the number of APEC Local Agenda 21 cities by the year 2003.”

*“according to **Environs Australia**, which as you may know, is the’ **LOCAL GOVERNMENT ENVIRONMENTAL NETWORK**’ at least 119 of Australia’s 750 councils have established or are developing local sustainability strategies. At least 33 have a Local Agenda 21 process in place.”*

COMMONWEALTH INITIATIVES TO SUPPORT THE IMPLEMENTATION OF LOCAL AGENDA 21:

“COMMONWEALTH POLICIES ARE A CATALYST FOR THE DEVELOPMENT OF THESE DYNAMIC PARTERSHIPS. THE COMMONWEALTH HAS SEVERAL INITIATIVES DESIGNED TO SUPPORT AND PROVIDE A CATALYST FOR THE DEVELOPMENT OF LOCAL AGENDA 21 IN AUSTRALIA”

“THE ENVIRONMENT RESOURCE OFFICER {ERO} SCHEME IS OPERATED BY THE DEPARTMENT OF ENVIRONMENT TO WORK IN PARTNERSHIP WITH LOCAL GOVERNMENT. THE SCHEME FUNDS PART OF THE COST OF A DEDICATED ENVIRONMENT OFFICER IN A PEAK LOCAL GOVERNMENT ORGANISATION IN EACH STATE TO WORK WITH COUNCILS TO MAXIMISE POSITIVE ENVIRONMENT OUTCOMES“

“LAST YEAR WE ALSO FUNDED A NATIONAL ENVIRONMENT RESOURCE OFFICER TO BE BASED IN ENVIRONS AUSTRALIA.”

“THIS ERO SCHEME IS ONE OF THE MAIN WAYS THE COMMONWEALTH COMMUNICATES WITH AND PROVIDES INFORMATION ON COMMONWEALTH ENVIRONMENTAL POLICIES AND PROGRAMES TO LOCAL GOVERNMENT..... “

*“THE COMMONWEALTH HAS RECENTLY CHANGED THE WORK PLANS OF THE ENVIRONMENT RESOURCE OFFICER IN RESPONSE TO THIS UPSURGE IN INTEREST FOLLOWING THE NEWSCASTLE CONFERENCE. **PROMOTING AND ASSISTING COUNCILS TO DEVELOP AND IMPLEMENT LOCAL AGENDA 21 IS A SIGNIFICANT PART OF THE ENVIRONMENT RESOURCE OFFICER’S WORK PLANS FOR THE CURRENT FINANCIAL YEAR”***

*“IN ADDITION, A MAJOR TASK OF THE NATIONAL ENVIRONMENT RESOURCE OFFICER IS TO PROVIDE ADVICE ON NATIONAL THEMES AND OPTIONS FOR PROMOTING LOCAL AGENDA 21 TO COUNCILS. THIS INCLUDES DEVELOPING IMPLEMENTATION STRATEGIES.....**TO ADD IMPETUS TO LOCAL AGENDA 21 THE COMMONWEALTH HAS RECENTLY COMMISSIONED THE DEVELOPMENT OF A HOW- TO- DO- IT MANUAL FOR LOCAL COUNCILS WHICH IS DUE FOR RELEASE MID YEAR.”***

“THIS MANUAL WILL GO ABOUT ASSISTING LOCAL GOVERNMENT AND LOCAL COMMUNITIES TO FORGE AND BUILD LOCAL PARTNERSHIPS FOR SUSTAINABILITY.....THE MANUAL WILL DRAW ON AND INCORPORATE THE WEALTH OF EXPERIENCE IN DEVELOPING AND IMPLEMENTING LOCAL AGENDA 21 WHICH HAS TAKEN PLACE AROUND AUSTRALIA AND THROUGHOUT THE WORLD SINCE THE 1992 EARTH SUMMIT....THE MANUAL WILL PROVIDE A SERIES F PRACTICAL STEPS FOR THOSE COUNCILS WHO DO WISH TO IMPLEMENT AND BECOME INVOLVED IN AND UNDERTAKE A LOCAL AGENDA 21.”

COMMUNITIES & CLIMATE CHANGE:

*“Climate Change is one of the ----- . The prime statement recognises the significant role which local government will play and needs to play in partnership with other parts of the community in any great response and includes a significant ‘**CITIES FOR CLIMATE PROTECTION**’ programme which offers the opportunity for every local council to participate in addressing complex global problem.”*

LAUNCH OF CITIES FOR CLIMATE PROTECTION AUSTRALIA:

“The cities for Climate Protection programme has been piloted in Australia -----Logan City Council and Maroochy Shire Council have joined.....”

*“The local governments involved agree to complete various milestones which lead to an implementation plan locally. These milestones cover not just local government’s own emissions **but also emissions from the community within the local area.**”*

Senator Ian Macdonald’s concerns about Australia’s slow adoption of AG21 go back to 22nd Feb 1994 when he asked in Parliament:

“I UNDERSTAND THAT AUSTRALIA HAS BEEN CRITIZED FOR LAGGING BEHIND IN ITS EFFORTS TO MEET ITS GOALS UNDER THE AGENDA 21 PROGRAM TO REDUCE GREENHOUSE GAS EMISSIONS. DO YOU AGREE THAT AUSTRALIA IS LAGGING BEHIND? ”

Although noting Agenda 21 had gone way beyond environmental issues and become the “world’s greenprint for change”, Gwydir Council admitted during their Committee Meeting on 20th Feb 2013, that Agenda 21 had “*encouraged conspiracy theories about the real agenda.*” But the council pointed out that Agenda 21 had, “*for 21 years, been very influential in developing public policies that directly impact upon every level of government*”, including regulations pertaining to ecologically sustainable development. As the council pointed out:

“MANY OF THE SUBSEQUENT MATTERS INTRODUCED TO ENCOURAGE A SUSTAINABLE SOCIETY, SUCH AS THE CARBON TAX, ARE THE OUTCOME OF THE AUSTRALIAN GOVERNMENT’S ATTEMPT TO INTRODUCE THE OBJECTIVES OF AGENDA 21.”

AUTHOR’S COMMENTS:

Despite Federal Government Ministers such as Hon Greg Hunt stating that AG21 was not policy, not binding and as such was optional, the above statements prove otherwise. That is, not only is AG21 Australian Federal Government Policy, the Commonwealth has structured it, controlled it and part funded its implementation with the knowledge that AG21 was to be implemented Australia wide as well as worldwide. Over the past 23 years Australian politicians kept AG21 as their own secret, going to great lengths to keep its existence from fellow Australians who were never made aware of its existence nor given the right to vote on whether they wanted it implemented or not, despite it being implemented by successive Australian governments since 1992 .

In fact AG21 is embedded in both the Liberal, National and Labor Policies.

AUSTRALIAN GOVERNMENT

DEPARTMENT OF THE ENVIRONMENT AND WATER RESOURCES

AUSTRALIA’S REPORT TO THE UNCSD-1996;

INTEGRATED DECISION MAKING

CHAPTER 8 OF AGENDA 21

“Australia has initiated a variety of strategies and processes in recent years in an attempt to improve the quality of decision making through integrating environment and development considerations. These efforts are guided by the National Strategy for Ecologically Sustainable Development which states that decision making processes should effectively integrate both long and short term economic, environmental, social and equity considerations.”

LOCAL GOVERNMENT FOCUS -2000 EDITION:

FUNDING FOR LOCAL AGENDA 21:

“Senator Ian Macdonald, Minister for Regional Services, Territories and Local Government announced \$100-000, in Federal funding to boost the activities of Local Agenda 21, a programme FOR SUSTAINABLE DEVELOPMENT ESTABLISHED BY AND FOR LOCAL GOVERNMENT. This places

Local Government at the forefront of implementation of environmental initiatives like Local Agenda 21. To date, 75 councils in Australia have implemented or are developing Local Agenda 21 plan. Local Agenda 21 had become the focus for translating Ecologically Sustainable Development {ESD} into action at the local level."

"Senator Hill, the Minister for Environment and Heritage has recently launched OUR COMMUNITY, OUR FUTURE: A GUIDE TO LOCAL AGENDA 21."

"It will draw on and incorporate the wealth of experience in developing and implementing Local Agenda 21 which has taken place around Australia and throughout the world since the 1992 Earth Summit."

"The funds provided from the Local Government Incentive Programme will be used for promotion education and training for Local Government to support and encourage the adoption of Local Agenda 21 plans in the achievement of long term sustainability."

"Discussions are under way between Environment Australia and National Office of Local Government about joint projects and about ways to encourage and assist Councils in being involved in Agenda 21."

SENATOR ROD KEMP-THOUGHTS ON UN INTERFERENCE, SOVEREIGNTY, AND INDEPENDENCE;

"In 1994 Rod Kemp rightly expresses alarm about the attack on democracy by those who support UN interference in Australia."

ACCORDING TO FORMER SENATOR ROD KEMP {NOW IPA CHAIRMAN}:

"Our politicians who speak most about human rights, such as Senator Evans, have ignored a basic human right of the Australian people by omitting to check whether they want United Nations committees to become actively involved in Australian domestic disputes....But the internationalism that is espoused by Senator Evans seems to be based more on the belief that Australia should trade off our national sovereignty, our capacity for independent decision making, in the expectation that this will contribute towards building a new world order."

BUT BY 2005 IT SEEMS SENATOR ROD KEMP SUPPORTED THE UN ROLE IN THE 'EDUCATION' OF OUR CHILDREN.

"Within the UN system, UNESCO has special responsibility for promoting interfaith and intercultural understanding through education in order to combat terrorism. Australia was one of the first UNESCO Member States to take the initiative in this field. We convened the highly successful Conference on Education for Intercultural and Interfaith Understanding in Adelaide in Nov 2004 and we will be looking to UNESCO to advance this important work."

The Hon Rod Kemp, Minister for the Arts and Sport.

"Meanwhile, his brother David Kemp, went to WSDD and promoted Agenda 21, which UNESCO described as "A MANIFESTO FOR EDUCATION". ACCORDING TO UNESCO, IN THEIR REPORT,

'EDUCATION FOR SUSTAINABILITY- FROM RIO TO JOANNESBURG: LESSONS LEARNT FROM A DECADE OF COMMITMENT';

"UNESCO HAS PREPARED THIS REPORT ON THESE KEY LESSONS IN ITS ROLE AS 'TASK MANAGER' FOR CHAPTER 36 OF AGENDA 21, THE ACTION PLAN AGREED TO BY ALL GOVERNMENTS AT THE EARTH SUMMIT, AND THE INTERNATIONAL WORK PROGRAMME ON EDUCATION, PUBLIC AWARENESS AND SUSTAINABILITY OF THE INTERGOVERNMENTAL COMMISSION FOR SUSTAINABLE DEVELOPMENT {CSD}.....THESE RESPONSIBILITIES EMPHASISE THE KEY ROLE OF EDUCATORS AS AGENTS OF CHANGE. THERE ARE OVER 60 MILLION TEACHERS IN THE WORLD – AND EACH ONE IS A KEY AGENT FOR BRINGING ABOUT CHANGES IN LIFESTYLES AND SYSTEMS THAT WE NEEDTO BE AN EFFECTIVE CHANGE AGENT, THE FUNDAMENTAL PURPOSES OF EDUCATION HAVE TO CHANGE – AS INDICATED BY AGENDA 21."

SO ACCORDING TO THE AGENDA 21 WHICH HAS BEEN EMBEDDED INTO OUR EDUCATION SYSTEM BY THE AUSTRALIAN FEDERAL GOVERNMENT, ICLEI AND GREEN CROSS, TEACHERS ARE EMPLOYED AS "CHANGE AGENTS" ON BEHALF OF THE UN.

FEDERAL MINISTER FOR THE ENVIRONMENT, THE HON GREG HUNT

ENVIRONMENT AUSTRALIA'S INTERGOVERNMENTAL UNIT AND ANZECC SECRETARIAT, COMMONWEALTH, STATE /TERRITORY AND LOCAL GOVERNMENT INTERACTION. ENVIRONMENTAL PERFORMANCE REPORTING AND REVIEWS, ICLEI CORRESPONDENCE FROM MARYA MC DONALD, ICLEI OUTCOMES FOR AUSTRALIA.

ENVIRONMENT AUSTRALIA ONLINE 1992

INTERGOVERNMENTAL UNIT AND ANZECC SECRETARIAT:

*"The Intergovernmental Unit {IGU} is within the Portfolio Strategies Group of Environment Australia. The Unit **promotes and coordinates policy and provides advice** about ECOLOGICALLY SUSTAINABLE DEVELOPMENT {ESD} about **environmental activity across the three spheres of government**, and in regard to interagency environmental and sustainability matters. The Secretariat of the IGU is located within the Unit."*

“The foundation of the Units work is the concept of Ecologically Sustainable Development. Finding better ways to integrate environmental, economic and social concerns in decision making is a key theme of Australian Policy.”

COMMONWEALTH, STATE/ TERRITORY AND LOCAL GOVERNMENT INTERACTION:

*Work at the national level is undertaken within the context of the ‘ **INTERGOVERNMENTAL AGREEMENT ON THE ENVIRONMENT AND THE COAG HEADS OF AGREEMENT**’. These Agreements establish arrangements by which Commonwealth, State and Territory Governments interact on environmental matters.”*

*“The Unit also has established links with both State/Territory and Local Government. **The UNIT ADMINISTERS thethat funds a dedicated officer in the peak Local Government Organisation in each of the States and Northern Territory, and a National Officer.** ”*

“Promotinginitiatives is an evolving element that potentially has links to all levels of government, industry, business and the broader community.”

ENVIRONMENTAL PERFORMANCE REPORTING AND REVIEWS:

Other major activities undertaken by the Unit include;

- *preparation of annual to the United Nations Commission on Sustainable Development {CSD} and**
- * theby the Organisation for Economic Cooperation and Development {OECD}.**

AUTHORS COMMENTS:

I believe that what we have here is a conspiracy at the highest level of government. Environment Australia through their Intergovernmental Unit and ANZECC Secretariat has covertly and secretly driven the forced implementation of the UN’s AGENDA 21 since 1992 using their **ENVIRONMENT RESOURCE OFFICERS SCHEME etc.** Note that the wording is missing between the Promotingand initiatives. I would suggest that the missing word is Agenda 21.

It also confirms that the Federal Government Department of Environment is the lead agency in the forced implementation of Agenda 21, funds dedicated officers in each state and territory local government association as well as the National Local Government Association. The Unit also uses COAG to implement the UN’s AG21.

The Unit also prepares the governments yearly ‘REPORTS TO THE UNITED NATIONS ON THE IMPLEMENTATION OF AGENDA 21’.

The term ‘BROADER COMMUNITY’ means environmental groups, NGO’s and NFP organisations. It does not mean ‘community’ as we know it, i.e. general public, residents or voters.

Local Agenda 21 and Local Ecologically Sustainable Development :

*“Local Government and the local community are ideally placed to implement ecologically sustainable development {ESD}. The Commonwealth is supporting efforts by Local Government through programs such as the **ENVIRONMENT RESOURCE OFFICER SCHEME** and the promotion of Local Agenda 21 {LA21}.”*

APEC ESTABLISHED IN 1989:

In November 1996 APEC identified three main areas to implement coordinated strategies for a range of sustainable development initiatives;

- * SUSTAINABLE CITIES*
- * CLEANER PRODUCTION/ CLEAN TECHNOLOGY*
- * SUSTAINABILITY OF THE MARINE ENVIRONMENT*
- * SUSTAINABLE ENERGY*
- * SUSTAINABLE FORESTRY*
- * SUSTAINABLE AGRICULTURE*

WHO IS PROMOTING LOCAL AGENDA 21?

*Local Agenda 21 is being promoted by a **range of organisations** within the region.*

“GLOBALLY, THE INTERNATIONAL COUNCIL FOR LOCAL ENVIRONMENTAL INITIATIVES {ICLEI}, AN INTERNATIONAL BODY REPRESENTING LOCAL AUTHORITIES FROM AROUND THE WORLD, AND ORIGINAL DRAFTERS OF THE LOCAL AGENDA 21 CHAPTER, IS ACTIVELY COORDINATING THE INTERNATIONAL LOCAL AGENDA 21 CAMPAIGN.”

AUTHOR’S COMMENTS:

As stated above, ICLEI Global, created in 1990, is based in Bonn Germany. In Sep 1999 ICLEI Oceania {Australia and NZ} was created and is based in Melbourne. ICLEI now has around 148 Australian local governments as members {voting}. In 2002 the UN’s ICLEI Oceania became the ICLEI Local Governments for SUSTAINABILITY. Implementing Agenda 21 has cost local governments hundreds of millions of dollars. Nothing appears on any local government financial statements under the heading Agenda 21. AG21 has led to a number of local councils going broke and forced amalgamations.

CORRESPONDENCE FROM MARYA Mc DONALD {SEN C Moore’s response} Dated 24th Oct 2012;

“The Australian Government does not provide foreign aid for non-government organisations {NGO’S} to undertake political activities. While the Australian Agency for International Development {AusAID} respects the independence of NGO’s and their right to contribute to public debate, the work NGO’s undertake with funding from AusAID must be directly in line with the aid program’s objective to reduce poverty.”

AUTHOR’S COMMENTS:

Why is AusAID involved with the Editorial Committee overseeing the annual reports to the UN on Australia’s implementation of Agenda 21? The answer could include that AusAID is also implementing AG21 overseas because it does not solely gives aid to developing countries to reduce poverty, but also pressures that country to achieve SUSTAINABLE DEVELOPMENT, AG21, promoting political outcomes.

**AUSTRALIAN GOVERNMENT-DEPARTMENT OF THE ENVIRONMENT AND HERITAGE: JUNE 2002
REVISED JAN 2004: AGENDA 21 –SUSTAINABLE DEVELOPMENT:**

“Agenda 21 is an international blueprint that outlines actions that governments, international organisations, industries and the community can take to achieve sustainability. These actions recognise the impacts of human behaviours on the environment and on sustainability of systems of

production. The objective of Agenda 21 is the alleviation of poverty, hunger, sickness and illiteracy worldwide while halting the deterioration of ecosystems which sustain life."

"Agenda 21 represents international consensus, following two years of research, drafting and intensive negotiation at the four meetings of the United Nations Conference on Environment and Development {UNCED} Preparatory Committee."

"Adopted at the UNCED Summit meeting on June 14, 1992, Agenda 21 covers all the issues referred to UNCED by the UN General Assembly in its RESOLUTION 44/228 of 1989."

AUSTRALIAN GOVERNMENT DEPARTMENT OF THE ENVIRONMENT.
WORLD SUMMIT ON SUSTAINABLE DEVELOPMENT
ABOUT THE SUMMIT

"The UN World Summit on Sustainable Development {WSSD} was held in Johannesburg from 26 Aug to 4th Sep 2002,"

"Led by the Federal Minister for the Environment and Heritage, Dr David Kemp, Australia's official delegation included the Shadow Minister for the Environment, Kelvin Thomson, officers from six Commonwealth Agencies, the Western Australian Minister for the Environment, Judy Edwards, and the ACT Minister for the Environment, Bill Wood, as well as State and Local Government representatives, industry, NGO's, and a youth representative."

"While Government officials concentrated on formal negotiations, other members of our delegation were involved in a plethora of side events bringing together opinion leaders from industry, academia, government and NGO's."

"Many Australians attended the Summit in other capacities, with the largest contingent being about 45 from local government."

"AUSTRALIA ALSO PROMOTED OUR SUSTAINABLE DEVELOPMENT POLICIES, PROGRAMS AND OBJECTIVES WITH A DISPLAY AT THE ASSOCIATED UBUNTU VILLAGE EXHIBITION. THOUSANDS OF PEOPLE, INCLUDING INTERNATIONAL DELEGATES AND LOCAL VISITORS, VISITED THE DISPLAY AND OFFICIALS DISSEMINATED SCORES OF FACT SHEETS AND INFORMATION MATERIAL EACH DAY."

AUTHOR'S COMMENTS:

What a pity that ordinary Australian citizens were never allowed to view any of this information about Australia's sustainable development Policies, AG 21 programs and objectives before they were shown to the world. May-bee Australians could see that information sometime soon?

OUTCOMES FOR AUSTRALIA

THERE WERE THREE MAJOR OUTCOMES FROM THE SUMMIT

- **THE NEGOTIATED JOHANNESBURG PLAN OF IMPLEMENTATION {JPOI} {PDF-205 KB}**
- **THE POLITICAL DECLARATION; AND**
- **PARTNERSHIP AGREEMENTS**

SUSTAINING OUR COMMUNITIES-INTERNATIONAL LOCAL AGENDA 21 CONFERENCE

“At the end of the global preparatory process for the WSSD, the Preparatory Committee transmitted a draft declaration and a draft program of action for consideration by the leaders attending the Summit. Australia’s response to these draft documents was informed, inter alia, by the outcomes of the domestic consultation process.”

“Sustaining Our Communities – International Local Agenda 21 Conference, ‘The ‘Sustaining Our Communities’: International Local Agenda 21 Conference was held in Adelaide from 3-6 March 2002.”

THE DISCUSSION PAPER, INFORMATION PAPER, SUMMARIES OF SUBMISSIONS, AND FEEDBACK UPDATES ARE AVAILABLE IN OUR ONLINE ARCHIVE.

AUSTRALIAN DOCUMENTS

“Australia developed two mayor documents on its progress in implementation of sustainable development for the Summit which can be accessed below.”

- **AUSTRALIAN NATIONAL ASSESSMENT REPORT**

AGENDA 21 300 PAGE DOCUMENT IS DIVIDED INTO FOUR SECTIONS:

Agenda 21 is a 300 page document divided into 40 chapters that have been grouped into four sections.

*** SOCIAL AND ECONOMIC DIMENSIONS * CONSERVATION AND MANAGEMENT OF RESOURCES FOR DEVELOPMENT * STRENGTHING THE ROLE OF MAJOR GROUPS * MEANS OF IMPLEMENTATION.**

“These include the key role that must be played by strategies, plans and policies at a national level, the need for integrated decision making at all levels and the importance of community involvement in the implementation of Agenda 21.”

UNITED NATIONS SAYS THAT COUNTRIES MUST EMBED UN AGENDA IN BUREAUCRACY SO VOTERS HAVE NO DEMOCRATIC CHOICE. IN 2001 THE UN INSTRUCTED COUNTRIES THAT THE UN AGENDA 21/SUSTAINABLE DEVELOPMENT AGENDA MUST BE “CONTINUOUS” AND BEYOND PARTY POLITICS SO THAT A CHANGE OF GOVERNMENT WILL NOT STOP THE UN’S GLOBAL AGENDA.

AGENDA 21, FOR 21 YEARS FROM KEATING IN 1992 TO HOWARD IN 2007 TO JULIA GILLARD IN 2013 ALL MAJOR PARTIES IMPLEMENTED WHAT THE GOVERNMENT WILL STATE WHEN ASKED IN CORRESPONDENCE, IS THAT AG21 IS NON-BINDING, UN AG21 PROGRAM.

AGENDA 21:

Agenda 21 is designed to implement the United Nations Charter. Global governance in accordance

with the United Nations Charter is the goal of Sustainable Development/Agenda 21 Policies. The United Nations Declaration of Human Rights declares in Article 29 Section 3 that: **“RIGHTS AND FREEDOMS MAY IN NO CASE BE EXERCISED CONTRARY TO THE PURPOSES AND PRINCIPLES OF THE UNITED NATIONS.”** *Under the U.N. Charter your rights become dependent upon your usefulness and your compliance to the will of the elite. Legal positivism rules your life. Your independence is lost.*

AGENDA 21 is the United Nation’s strategy to enslave the world. It is a major tool of the **New World Order** conceived at the 1992 Rio Earth Summit. Its original name, **‘SUSTAINABLE DEVELOPMENT’** began in 1987 with the Gro Harlem Brundtland, VP of **the world Socialist Party**.

Local agenda 21 promoted by ICLEI is designed by the UN but implemented by Federal, State and local councils. Since the provisions of Agenda 21 are so repulsive to normal people it relies upon deception and secrecy for its success.

For 21 years from Keating in 1992 to Howard in 2007 to Julia Gillard in 2013 all major parties implemented what the government will state when asked in correspondence, is that AG21 is **‘NON-BINDING’** UN AG21 program.

In 1994 then **foreign Minister Gareth Evens** advised the UN in New York that Australia **MUST** be monitored to ensure compliance with AG21. In 2012 Julia Gillard renewed Australia’s commitment to AG 21 and the UN’s 2015-2030 global agenda, a commitment which is being continued with the Abbott and now Malcolm Turnbull government signing of the **Sustainable Development Goals {SDG} 2015-2030 Agenda**.

1994-2010 THE ALP INCLUDED UN AG21 IN OFFICIAL POLICY PLATFORM WHILE GILLARD RECOMMITS IN 2012. THE ALP SPECIFICALLY PROMISES TO IMPLEMENT AG21.

History has proven that Australian governments have not dealt with AG21 as a non-binding program, instead, without the public’s knowledge or consent, they have allowed the UN to override Australian Government policies, replacing them with U.N.’s One World Government Globalisation policies.

IN THE 2015 NATIONAL POLICY PLATFORM THE ALP PROMISES EVEN MORE ALLEGIANCE TO THE UN AND FORCING AUSTRALIANS TO OBEY UN DEMANDS EVEN THOUGH AVOIDING ANY SPECIFIC MENTION OF AG21.

POLITICAL CENSORSHIP AND THE POLITICAL POLICY THAT MUST NOT BE MENTIONED IN PUBLIC – ESPECIALLY DURING ELECTION CAMPAIGNS: IN 2013 KYAM MAHER, SA LABOR MP MOCKED AG21 WHICH WAS A LONG TIME ALP POLICY AS A ‘CONSPIRACY’. IN 2003 ENVIRONMENT MINISTER GREG HUNT WAS PART OF ‘THE EMPLOYMENT IN THE ENVIRONMENT: METHODS, MEASUREMENTS AND MESSAGES ENQUIRY’, WHICH DISCUSSED METHODS USED BY THE COMMONWEALTH TO COERCE COUNCILS INTO IMPLEMENTING AGENDA 21. TEN YEARS LATER IN 2013 GREG DECLARED HE “HAD NEVER HEARD OF” THE AG21 PROGRAM THEY DISCUSSED.

From Liberal Politicians to ALP Politicians, to the media to think tanks such as **The Institute of Public Affairs** all agree that long time Liberal / ALP Agenda 21 policy is something that must not be discussed in public.

AGENDA 21 HAS LED TO THE FAILURE OF DEMOCRACY AND THE MAINSTREAM MEDIA IN AUSTRALIA, THE REWRITING OF AUSTRALIAN LAWS TO ENFORCE PLANT RIGHTS AND REDUCE HUMAN RIGHTS AND FREEDOMS, THE LOSS OF PROPERTY RIGHTS,

As stated above, *“Agenda 21 is the most massive far reaching political policy in the history of Australian Federation yet it is being enforced upon us, and our democratic right to choose has been consistently denied by both major political parties.”*

“This refusal to inform Australians and enable them to make an informed electoral choice constitutes a deliberate attack on democracy and basic human rights, including the freedom of choice.”

“Not one politician or bureaucrat eagerly responded by openly detailing the many ‘Advantages’ of AG21, or the ways in which the tentacles of AG21 are being implemented through the various government departments. Implementation of AG 21 is based upon a failure to accurately and truthfully inform Australians. It is based upon deception and trashing of democracy.”{Graham Williamson}.

GREEN CROSS INTERNATIONAL AND AGENDA 21:

Agenda 21 produced numerous spin-offs under varying names, all coming under the umbrella term, ‘**ECOLOGICAL SUSTAINABILITY**’. One such spin-off was Green Cross International, which was established by Mikhail Gorbachev to promote global implementation of Agenda 21.

MIKHAIL GORBACHEV’ GREEN CROSS INTERNATIONAL – GREEN CROSS AUSTRALIA:

Green Cross International was created in 1993 in response to the United Nation’s Rio Earth Summit. Green Cross Australia was created in late 2006, driven by communist Mikhail Gorbachev, Queensland Premier Peter Beattie and Brisbane City Council Lord Mayor, Campbell Newman, later to become Premier of Queensland, at the Brisbane Festival’s Earth Dialogue.

GREEN CROSS FOUNDATION MEMBERS WHO FORM GREEN CROSS’S CONSTITUTIONAL VOTING BASE INCLUDES :

PHILIP ADAMS, ANNA BLIGH, MARGARET De Wit, {President of Local Government Association of Queensland {LGAQ} and Brisbane City Councillor}, IAN DUNLOP {Club of Rome, former CEO Australian Institute of Company Directors, Deputy Convenor of the Australian Association for the Study of Peak Oil}, CAMPBELL NEWMAN, JANE PRENTICE, STUART BUNN, LLEWELLYN EDWARDS, SCOTT EMERSON, MARY LENEEN FORDE {Former governor of Qld}, IAN FRAZER, IAN LOWE

{President of the Australian Conservation Federation}, BRENDAN MACKEY, PETER MATIC {Brisbane City Councillor and on the ICLEI Oceania MELBOURNE EXECUTIVE}, GRAHAM QUIRK, presently {Brisbane City Council Mayor}, NOEL PRESTON and many more.

In 2006 Brisbane Festival, Brisbane City Council under Mayor Campbell Newman and Queensland State Government under Premier Peter Beattie, brought communist Mikhail Gorbachev, former President of the USSR before it disintegrated, and founder and President of Green Cross International to Brisbane to co-host with Premier Peter Beattie, the 'Earth Dialogues'.

This led to the creation in late 2006 of Green Cross Australia and the endorsement by the Queensland State Government of the **"INCORPORATION OF THE EARTH CHARTER INTO THE QUEENSLAND EDUCATION'S ENVIRONMENT CURRICULA."** The Earth Charter promotes **Agenda 21 and Climate Change in Australian schools.**

THE EARTH CHARTER STATES;

"There can be no sustainable peace if we fail to rise to the global challenge presented by climate change."

"Everyone needs to become an activist."

"Young people, the greatest natural resource of all, must be educated about sustainable development."

"Citizens should call on their government to transfer resources away from military expenditure towards areas such as environmental protection"

LABOURS ANTHONY ALBANESE'S ADDRESS TO EARTH DIALOGUES BRISBANE 2006 – BUILDING SUSTAINABILITY - SUNDAY 23RD JULY;

"I am honoured to be representing the Australian Labor Party at this World Forum and congratulate the organisers, particularly President Mikhail Gorbachev, Green Cross International and Premier Peter Beattie,"

“The challenge of the global community is to ensure community that sustainability is at the core of economic and social policy. At the core of sustainability is meeting the challenge of Climate Change.”

BRISBANE FESTIVAL 2006 - EARTH DIALOGUES BRISBANE 2006 21-24 JULY 2006:

PLAN OF ACTION

“PRESENTED BY BRISBANE FESTIVAL 2006 AND THE QUEENSLAND GOVERNMENT IN ASSOCIATION WITH BRISBANE CITY COUNCIL AND GREEN CROSS INTERNATIONAL”.

“On the closing day of EARTH DIALOGUES Brisbane, the Government of Queensland and Brisbane City Council announced a number of measures to further the achievement of the goals established at the forum, including:”

*** ENDORSING GREEN CROSS INTERNATIONAL’S CAMPAIGNS ON SOLAR ENERGY AND THE RIGHT TO WATER.**

*** SUPPORTING THE ESTABLISHMENT OF A GREEN CROSS AUSTRALIA HEADQUARTERS IN BRISBANE.**

*** INCORPORATING THE EARTH CHARTER IN QUEENSLAND EDUCATION’S ENVIRONMENTAL CURRICULA.**

*** CREATING A QUEENSLAND YOUTH COUNCIL TO ENABLE YOUNG PEOPLE TO RAISE CONCERNS AND MAKE PROPOSALS.**

“IN ALL OF THESE INITIATIVES AND IN THEIR OVERALL COMMITMENT TO SUSTAINABLE DEVELOPMENT THE GOVERNMENT OF QUEENSLAND AND THE BRISBANE CITY COUNCIL ARE UNITED IN A STRONG PARTNERSHIP.”

“THE PARTNERSHIPS AT EARTH DIALOGUES BRISBANE WELCOME THIS SOLIDARITY AND THESE FIRST STEPS AND CALL FOR THE FOLLOWING ADDITIONAL ACTIONS.”

FREEDOM ADVOCATES BROCHURE ‘THE AGENDA FOR THE 21ST CENTURY INVADES AUSTRALIA’, BY DIANE ROSS, DATED DEC 2ND 2007;

AUSTRALIA EARTH DIALOGUES JULY 2006;

“The Earth Dialogues was held in Brisbane Australia in July 2006 with Mikhail Gorbachev as the keynote speaker. This was the first time the conference was held outside of Europe. Presented as “A WORLD FORUM FOR RESOURCE MANAGEMENT AND SUSTAINABLE DEVELOPMENT” THE EVENT WAS CHAIRED BY MIKHAIL GORBACHEV AND THE HON PETER BEATTIE, PREMIER OF QUEENSLAND.”

“THE SPEAKERS ENCOURAGED THE AUDIENCE, INCLUDING MANY CHILDREN, TO “CARE FOR THE ENVIRONMENT”. IN ONE SESSION, CHILDREN WERE TAUGHT TO SING A SONG OF PRAISE FOR GORBACHEV AND GREEN CROSS INTERNATIONAL.”

“The “new vision” and “new future” entailed eco-friendly gardens, high rise development, eco-friendly modes of transportation [elimination of cars to be replaced with bicycles and buses] and the creation of “Healthy Cities”. College and school teachers in attendance were very enthusiastic. Did they not understand that the candy coated offerings were a direct result of the Earth Summit held in 1992 which first advocated “AGENDA 21/Sustainable Development?”

“THE CHILDREN WERE ENCOURAGED TO DENOUNCE NATIONAL SOVEREIGNTY AND EMBRACE A GLOBAL GOVERNMENT. ACCEPTING THE EARTH CHARTER WAS A PRINCIPAL OBJECTIVE, AS WAS ESTABLISHING AN OFFICE OF GREEN CROSS INTERNATIONAL IN THE ASIA PACIFIC REGION AND THE IMPLEMENTATION OF INTERNATIONAL LAW. THE EARTH CHARTER WAS PRESENTED AS THE ONLY SOLUTION TO THE GLOBAL ENVIRONMENT CRISIS.”

CORRESPONDENCE FROM SUNSHINE COAST REGIONAL COUNCIL TO MYSELF, DATED 4 JUNE 2012
SUBJECT ICLEI

“Sunshine Coast Council staff requested ICLEI, an internationally recognised organisation that provides advice to government, to peer review Council’s draft Climate Change and Peak Oil Strategy and compare it with other best practice international and national strategies of a similar nature.”

1 INTRODUCTION

“ICLEI Oceania is pleased to provide the Sunshine Coast Regional Council {Sunshine Coast} with this proposal to review their Draft Climate Change Strategy, including the two accompanying documents:”

- **Climate Change Background Study**
- **Peak Oil Background Study**

ICLEI PEER REVIEW REPORT:

SUNSHINE COAST REGIONAL COUNCIL DRAFT CLIMATE CHANGE STRATEGY 2009-2020.

7 DEC 2009.

‘SUMMARY OF RECOMMENDATIONS ICLEI OCEANIA HAS BEEN ASKED TO PEER REVIEW THE SUNSHINE COAST REGIONAL COUNCIL’S DRAFT CLIMATE CHANGE STRATEGY, INCLUDING TWO

SUPPORTING DOCUMENTS {CLIMATE CHANGE BACKGROUND STUDY AND PEAK OIL BACKGROUND STUDY}.’

‘ICLEI WOULD LIKE TO RECOMMEND THE CHANGES LISTED IN TABLE 1 BELOW TO FURTHER ENHANCE THE STRATEGIC VALUE, CONTENT QUALITY AND COMMUNICATION POTENTIAL OF THE STRATEGY. RECOMMENDATIONS ARE BASED ON A QUANTITATIVE ANALYSIS OF DIFFERENT ASPECTS OF THE DRAFT CLIMATE CHANGE STRATEGY. RECOMMENDATIONS SHOULD BE READ IN CONJUNCTION WITH THE ‘ANALYSIS’ SECTIONS CONTAINED IN CHAPTER 2 OF THIS REPORT.’

AUTHOR’S COMMENTS:

ICLEI’s Draft Report which is 21 pages long recommends 60 changes. More proof that the UN’s ICLEI is dictating Sunshine Coast Regional Council’s policies.

ICLEI DRAFT REPORT RECOMMENDATIONS INCLUDES:

R 1 – First recommendation of 60.

“While not considered core to Sunshine Coast’s local and regional climate change response, the current international negotiations under the United Nations Framework Convention on Climate Change {UNFCCC} are significant in that they are likely to produce better recognition of the role of local government in addressing climate change. Council may want to refer explicitly to the ongoing international negotiations and map out a mechanism for taking international policy outcomes into account in Council’s forward planning on climate change response. Further information on the role of local government in the UNFCCC negotiations can be found on ICLEI’s Local Government Climate Roadmap website.”

{It is critical that one reads all 60 recommendations.}

AUTHOR'S COMMENTS:

The Sunshine Coast Council's 'Sunshine Coast's Climate Change and Peak Oil Strategy', a strategic planning document, adopted in 2010 for planning purposes for the next 20 years, at an enormous cost to the ratepayers, based on Agenda 21, was now redundant and quite useless. Despite this, the council still refused to trash this strategic planning document or even publicise the cost of producing the strategy even though its contents has caused great damage.

CASE STUDY OF THE SUNSHINE COAST REGIONAL COUNCIL'S INVOLVEMENT WITH ICLEI:

In 2012 I lodged an FTI request asking my amalgamated council, the Sunshine Coast Regional Council for any documents sent to and received from ICLEI and the council since forced amalgamations involving Caloundra, Maroochy and Noosa Councils, around 2008. They released and I received around 1950 documents.

The councils, Maroochy, Caloundra and Noosa had been involved with ICLEI before amalgamations took place. The amalgamated council allowed ICLEI, an unelected foreign government to dictate council policies and as I have pointed out, with the financial help, planning, directions and by special arrangements between the Federal, state and territory governments and national and local government associations.

The UN's ICLEI through Agenda 21, climate change and their Peak Oil Strategy have touched on every facet of our lives. At no time did the local government mention Agenda 21, or that it was implementing a foreign bodies policies or the cost of doing so. Nor did they ever allow residents a choice at election time.

Local Councils, state and territory governments have allowed and helped ICLEI to covertly implement globalist policies through ICLEI Members and Associate members, using Agenda 21 using the term, 'Sustainability'.

ICLEI OCEANIA is pleased to provide the Sunshine Coast Regional Council with this proposal to review their ‘**DRAFT CLIMATE CHANGE STRATEGY**’, including the two accompanying documents:

- Climate Change Background Study
- Peak Oil Background Study.

ICLEI Oceania operates and assists local councils in sustainability and climate change planning, through programs including:

- International Zoning Code
- International Green Construction Code

Here is an example of what to expect. Chapter 2 of the International Green Construction Code:
“CONSERVATION AREA. Land designated by the jurisdiction or by state or federal government, as part of a community planning process, as appropriate for conservation from development because of the land possessing natural values important to the community including, but not limited to wildlife habitat, forest or other significant vegetation, steep slopes, ground water recharge area, riparian corridor or wetland.”

“When the Port Macquarie-Hastings Council commissioned a coastline management study, it instructed consultants to take into account UN IPCC predictions of a sea level rise of 0-4 by 2050 and 0-9 by 2100.”

“That IPCC based threat was enough in the council officers view to warrant placing a Section149 notation on the McIntyre’s property and another 61 beachfront houses on Chepana Street.”

“In 2008 the council put the notation on the planning certificates of those houses, saying they were at risk of coastal erosion. “The council’s director of development and environmental services, Matt Rodgers conceded that without the IPCC predictions council officers would not have recommended to Mr Porter that he keep the notations of coastal erosion danger on the Chepana St properties.”

BONN PRESS RELEASE; UN AGENDA 21 FRUSTRATED BY PROPERTY RIGHTS ADVOCATES-ICLEI USA
FOR IMMEDIATE RELEASE SATURDAY JUNE 1ST 2013-
MEDIA, PRESS RELEASE:
PROPERTY RIGHTS VS UN AGENDA 21

ICLEI ATTENDEES DISMAYED OVER GROWING GRASSROOTS OPPOSITION:

"{Bonn} For years Green campaigners have been quietly waging an effective campaign to advance the MORE RADICAL aspects of the UN's Agenda 21 at the local government level, but the stealth phase of their effort appears to be over."

"Delegates gathered for the ICLEI in Bonn, Germany, are expressing anxiety over the effectiveness of free market and property rights groups like CFACT and the Tea Party in calling attention to their activities. By sounding the alarm at city planning meetings, in the media, the internet and at grassroots rallies, property rights activists are successfully hampering ICLEI's UN Agenda 21 program for local government and, as CFACT staff has learned, these challenges have them worried."

"ICLEI members from other countries also expressed their frustration with the growing opposition. Beth McLachlan, Senior Sustainability Officer for the City of Melbourne, Australia and former employee of the Australian EPA, said that critics of climate change policies, headed by Tony Abbott, appear to be headed for electoral victory in her country. The political shift away from Julia Gillard's global warming policies is why she left the Australian EPA. She confided."

"This reveals the persistence and determination of ICLEI, said CFACT Executive Director Craig Rucker, "TO USE UNELECTED, LOCAL GOVERNMENT BUREAUCRATS TO IMPLEMENT THE MOST RADICAL AND UNPOPULAR ASPECTS UN AGENDA 21 POLICIES REGARDLESS OF THE POLITICAL WINDS."

{FTI DOCUMENTS}.

“I am very pleased to hear Council’s intention to become a CCP Leader, and look forward to continuing to work with you to further Council’s Greenhouse mitigation and adaption work.”

*“Council would prefer **not to set A COMMUNITY REDUCTION GOAL**. However, a community reduction goal is considered essential to the CCP program. While it is understood that council has limited direct influence on some sectors, one of the fundamental areas of Council’s operations is with their community and Council has considerable influence over other sectors of their community, such as the residential sector. As such, we do require council to set a community reduction goal, but this can be tailored to suit Council’s preference-eq this may only refer to residential, waste and commercial emissions and not to emissions from industry.”*

AUTHOR’S COMMENTS:

Evidence above that ICLEI supports councils being dishonest and deceitful with their ratepayers. Any measures necessary to keep the council’s involvement in ICLEI and Agenda 21 from residents and ratepayers.

COUNTRY PROFILE

UNITED NATIONS

“Agenda 21, adopted at the United Nations Conference on Environment and Development {UNCED} in Rio de Janeiro in 1992, underscored the important role that States play in the implementation of the Agenda at the National level. It recommended that States consider preparing national reports and communicating the information therein to the Commission on Sustainable Development {CSD} including activities they undertake to implement Agenda 21, the obstacles and challenges they confront and other environment and development issues they find relevant.”

“As a result in 1993 governments began preparing national reports for submission to the CSD. After two years of following this practice the CSD decided that a summarised version of national reports submitted thus far would be useful.”

CHAPTER 2: INTERNATIONAL COOPERATION TO ACCELERATE SUSTAINABLE DEVELOPMENT IN DEVELOPING COUNTRIES AND RELATED DOMESTIC POLICIES

“DECISION- MAKING: *The Australian Government is committed to policy making that focuses on linkages across ministries, and recognises the value of an integrated approach to the various strands of international cooperation / development assistance for sustainable development. The objective of Australia’s international development cooperation programme, managed by the Australian Agency for International Development {AusAID} is to assist developing countries to reduce poverty and achieve sustainable development, particularly in the Asia Pacific region.”*

“The Australian Government is committed to involving all relevant groups in its decision making processes, including providing appropriate information, consulting and encouraging feedback on the quality of the aid programme. This is done through a variety of consultative mechanisms, the Committee for Development Cooperation {an NGO consultative group}, and specialist advisory groups.”

THE LIMA DECLARATIONAN OVERVIEW;

“This paper deals very briefly with just one of the blanket of agreements and treaties now in existence. The Lima Declaration of 1975:”

“International treaties in the main are the handy work of the UN and have been used by Australian Governments to undermine Australian sovereignty.”

THE LIMA DECLARATION: IRONBARK RESOURCES MARCH 2005: Andrew Phillips.

“Although originating from 1975 the Lima Declaration has had far reaching effects and can clearly be seen as the blueprint for the disastrous policies embracing the bizarre philosophy known as ‘GLOBALISATION’.”

TRANS PACIFIC PARTNERSHIP:

US President Obama has driven the Agenda 21 Campaign in the US. Fox News and other media outlet coverage have led to a number of US councils cancelling their ICLEI membership. Obama recently said that Climate Change was the most serious crisis facing US Security, not ISIS etc. Hillary Clinton erased 31000 emails from her private email server, while Malcolm Turnbull also uses a private server. Bill Clinton is also a major supporter of AG21.

The Trans - Pacific Partnership is designed to progress the UN’s globalisation agenda and remove Australia’s sovereignty. That is why the contents are so secretive and no Australian Government is allowed to view this document in full, before it is signed off on.

CHINA TRADE AGREEMENT:

Many believe that Tony Abbott was replaced by Malcolm Turnbull with the help of the United Nations because Malcolm supported the UN’s Agenda 21 and Climate Change Campaign. Malcolm, as stated above, also uses a private server.

AUTHOR’S COMMENTS:

The UN has to have secure and private conversations and also means by which to send instructions and directions etc on what they want implemented, such as Agenda 21. How does the UN connect with proponents of Agenda 21?

AUSTRALIA’S REPORT TO THE UNCSD AND CSD - 1994 onwards:

IMPLEMENTATION OF AGENDA 21

DEPARTMENT OF THE ENVIRONMENT, SPORT AND TERRITORIES, 1996

INTEGRATED DECISION - MAKING

CHAPTER 8 OF AGENDA 21:

“As a result of the ESD process, the Commonwealth Government and States have proposed and implemented a number of administrative reforms, including changes to CABINET processes in some jurisdictions, to ensure the incorporation of ESD principles in existing institutional arrangements and reviews of the activities of government agencies.”

“The Intergovernmental Committee for ESD {ICESD} coordinates and reviews the National Strategy for ESD {NSES} and oversees the operation of the IGAE. The committee reports to the Council of Australian Governments {COAG} on progress in implementing the national strategy.”

{2} In a forward to Australia's Report to the UNCSD in 1995, then Prime Minister Paul Keating reinforced again how diligently Australia was complying with the UN's AG21 implementation requirements even though the Australian people had never heard of it and been given NO choice.

{3} In Feb 2000 edition of the Local Government Focus Magazine Senator Macdonald emphasised that the Commonwealth was driving the implementation of LA21 {Local AG21} at the local government level by providing funds.

{4} In 1999 Environment Minister Robert Hill issued an instruction manual or Local Agenda 21 guide for councils.

{5} In May 2003 edition of Local Government Focus, then Environment Minister David Kemp confirmed his satisfaction with the implementation of AGENDA 21 by councils around Australia.

{6} By 2002 even the Australian Defence Force was obeying the AG21 dictates of the UN.

{7} In 2002 NSW Education Minister John Aquilina was busy rewriting the school curriculum based upon the dictates of the UN and their AG21 program.

{8} Successive Australian Governments force Australians to comply with undemocratic 'VOLUNTARY' UN Agreements. *"Australia has participated in sustainable development discussions for more than four decades. We have signed international treaties, supported regional initiatives and enacted international commitments through new laws and policies at home....."*

The Australian government has not only forced citizens to comply with the UN, but they have also coerced Councils into obeying the UN, using the Natural Heritage Trust, NCP, COAG and then State and territory local government associations, and then by funding, by issuing instructions booklets and by ERO schemes. As already stated, in 2006 the Commonwealth even accused Councils of exceeding their statutory authority in implementing the UN AG21 program.

Successive Queensland State Governments have set up a virtual dictatorship. Queensland State Governments have changed the laws behind our backs using legislation without passing amendments in Parliament. *“I know there are many who think that all of this Lima Agreement / Agenda 21 business is a lot of malarkey, but before closing your mind to it I suggest you consider some of the aspects that are **playing right into the hands of the United Nations Global Government planning.**”*

*“Agenda 21 or SD A21 as it is known appears at first glance to be a reasonable document that aims to correct a lot of world ills. It is much more **INSIDIOUS** than you would suspect and you must wonder why successive Australian Governments firstly signed up and why they didn’t tell the Nation and now deny that it is being implemented in Australia.”*

“Australia was committed to the UN Agenda 21 when the Keating Government signed on during the Earth Summit in Rio in 1992, along with 177 other nations. The Australian people were never told about it and they were never given a chance to vote on it.”

“The Howard Government never told the people about it and though they were in Government from 1996 until 2008 and neither has the Rudd/Gillard Governments been forthcoming. SD A21 was never removed and the Australian people were still not given a choice as to its continuation.”

“What is Agenda 21? It is a United Nation’s policy that aims for sustainable development of the entire planet under United Nations control and direction. This is a blatantly socialist redistribution of wealth, away from developed nations to the Third World. The spin is environmental protection. The reality is UN control of our economy.”

AUSTRALIAN ARTICLE ‘RECLAIM SOVEREIGN RIGHTS’, BY GREG SHERIDAN.

“Scott Morrison has introduced legislation of immense importance to Australia that represents a strong assertion of national sovereignty against the unelected international agencies that, by a creeping process of legal/bureaucratic stealth, have taken hold of so much power in liberal, democratic societies.”

“Morrison’s bill seeks to define in Australian Legislation how it interprets the UN Refugee Convention.”

“But among its many purposes, there is one that is fundamental to the Abbotts government’s view of democratic sovereignty, and that represents in its way a significant battle in a drawn – out struggle being waged in most democratic parts of the world.”

“Two very important and deeply undemocratic dynamics have worked, however, to expand the operational scope of the convention far beyond any words that it actually contains. One has been the highly judicial – activist approach taken to it by European and some other international courts. And the other has been the endlessly expanding interpretation of the convention by the UN High Commission for Refugees itself.”

*“**The Greater Sydney Commission** will have 13 commissioners, including environment, economic and social commissioners; six district commissioners, nominated by local councils; plus the heads of the three government departments; planning and environment, transport and treasury.”*

AUTHOR’S COMMENTS.

This is typical Agenda 21. Documents state that this is how the UN - ICLEI works. It creates commissions to replace community involvement in planning etc. It also leaves little doubt that the UN replaced Abbott with Turnbull.

Sydney Local Council would have been a Member {Voting} of ICLEI as would be the local councils that nominated the commissioners. The departments of the three department heads that were selected as commissioners would also be Associate {Non – Voting} ICLEI Members.

*“In 1989 Edmund Rothchild declared CO2 to be the cause of a global warming and a source of big profit- based on a twisted computer model. His good friend MAURICE STRONG made this unfounded postulation the basis of the UNEP, as well as the UN’s COMMUNIST POLICY FOR WORLD GOVERNANCE and distribution of western wealth in their SOVIET LIKE AGENDA 21. *“The Infrastructure Minister Anthony Albanese yesterday launched the government’s national urban policy, **OUR CITIES, OUR FUTURE**, saying federal funding for big city projects would be closely tied to productivity and SUSTAINABILITY criteria laid out in the new document.”*

AUSTRALIAN ARTICLE ‘CITIES IN PLANNING SPOTLIGHT’, DATED OCT 28TH 2009:

EDITED FROM AN ADDRESS LAST NIGHT TO THE BUSINESS COUNCIL OF AUSTRALIA.

“The Commonwealth’s hands – off approach to urban development has ended, says Prime Minister Kevin Rudd.”

“Or as UN Secretary –General Ban Ki-moon says, we have entered the urban century. As the {Organisation for Economic Co-operation and Development}, 2006 report on Competitive Cities in the Global Economy argues, national economic strategy can no longer ignore the characteristics of cities that shape economic performance, social cohesion and environmental conditions.”

AUTHOR’S COMMENTS:

Our Cities Our Future is a UN ICLEI Agenda 21 Program. Here is more evidence of the Federal Government’s forced implementation of another Agenda 21 program involving state and local government planning. More proof that the Federal Government has allowed the UN’s ICLEI to dictated policies at all levels of Australian Government since 1992.

UNITED NATION’S 2015-2030 SUSTAINABILITY DEVELOPMENT GOALS SIGNED BY AUSTRALIAN FOREIGN AFFAIRS MINISTER JULIE BISHOP.

UNITED NATION’S 2015-2030 SUSTAINABILITY DEVELOPMENT GOALS {SDG}:

Despite secretly and covertly implementing AG21 since 1992, still with no democratic mandate, the UN is now moving to impose the next stage on the world, the SUSTAINABLE DEVELOPMENT GOALS {SDG}. The UN estimates annual cost of SDG’s as \$2-3 trillion indefinitely.

Despite Julie Bishop signing the UN’s SDG 2015-2030 agreement in Sep 2015 Australians are yet to be made aware of this fact, or what it means to Australia, the fact that a covert government exists, AG21 or its implementation. Once again, Australians were never given a choice as to whether or not they want to continue with the Implementation of Agenda 21.

Now, the SDG's and the post -2015 Agenda replace continue and expand AG21. Still the politicians subvert democracy by keeping the people ignorant and denying any right to make an informed democratic choice.

Both Labor, Liberal and National parties have treated democracy and the people with contempt when it comes to AG21. Both parties have deliberately suppressed and concealed certain aspects of official party policy.

All 3 levels of government, in all Australian states, have been implementing the United Nations AGENDA 21 program, at enormous cost, for more than two decades without giving the people a democratic say.

AGENDA 21 AND THE DISTRIBUTION OF WEALTH IN AUSTRALIA {SOME EXAMPLES}. THE AUSTRALIAN GOVERNMENT'S WAR ON RETIREES.

AGENDA 21 AND THE REDISTRIBUTION OF WEALTH IN AUSTRALIA.

Evidence of the Federal Government's implementation of Agenda 21 and their plan to redistribute wealth in Australia cannot be more evident than in their war on retirees.

- They force retirees to lodge a bond, sometime around \$400-000 before they can enter nursing homes,
- Force retirees to obtain a reverse mortgage so that they will not be able to obtain a part pension,
- Lifted the retirement age to 67 and upwards,
- Propose to increase the GST to 15%
- Force Australians to downgrade, sell their family size house so that families starting out can purchase them,
- Propose to include the value of the family home in any asset test for the part pension
- Propose to put a tax on any houses that are sold to developers at a high price,
- Severely cut pensions and part pensions in Jan 2017.
- Using the IPCC and their Climate Change agenda to forcibly remove people from their properties and devalue them.
- Reduce the value of superannuation
- Reduce the amount of superannuation one can have.
- Propose to replace Stamp Duty with a universally yearly payable Land Tax.

And much more.

Australian politicians obediently obey UN with bipartisan policies to embed Agenda 21 to prevent democratic choice.

In the article 'Sleepwalking Into a Loss of National Sovereignty' Maurice Newman, former Prime Minister Abbott's business adviser before the UN replaced Tony Abbott with Malcolm Turnbull, described AG21 as a UN system of control and wealth redistribution under the guise of environmentalism.

Recently, due to the threat to democracy and property rights posed by AG21 the Qld LNP passed a resolution to incorporate opposition to Agenda 21 into official LNP policy.

SINCE THE 1992 RIO EARTH SUMMIT THE U. N. AN UNELECTED FOREIGN BODY HAS COVERTLY DICTATED POLICIES AT ALL LEVELS OF AUSTRALIAN GOVERNMENT THROUGH THEIR U.N. AG21 PROGRAM. THE TWO TIER SYSTEM OF GOVERNMENT IN AUSTRALIA.

Since the 1992 RIO Earth Summit the United Nations, A UNELECTED FOREIGN BODY, has covertly dictated policies through their UN AG21 Program, at all levels of Australian Government without the consent of Australian voters and without their' knowledge. This has led federally to a two tier system of government:

THE TWO TIER SYSTEM:

Tier One :

The House of Representatives and the Senate. This tier of government is used to produce limited, controlled assess where the politicians and media inform Australians on what issues they consider necessary to 'feed the chickens'. Successive Federal Governments have taken steps to become even more secretive and reduce Freedom To Information {FTI} Laws.

Tier Two:

The second tier is a secret covert government run through Environment Australia's Intergovernmental Unit and ANZECC Secretariat SINCE 1992, using their Commonwealth funded ENVIRONMENT RESOURCE OFFICER's SCHEME, NCP, COAG, Natural Heritage Trust and National and Local Government Associations. This tier of government that has been undemocratically selected, is controlled by the U.N. and has been directed to use the UN's ICLEI to implement the United Nation's AGENDA 21 and Climate Change agenda that has sold all Australians out. This government and its policies are directed, influenced and dictated to by the United Nation, a foreign, undemocratic , unelected body, using a number of different covert means .

AUSTRALIAN ARTICLE PM'S BIG CITIES PLAN TO TAKE POLITICS OUT OF PLANNING, SET UP INDEPENDENT AGENIES, AGENDA 21 TALK FOR INDEPENDENT COMMISSIONS.

AUSTRALIAN FRONT PAGE ARTICLE 'PM'S BIG CITIES PLAN: \$6bn TO TAKE POLITICS OUT OF PLANNING', BY DAVID CROWE, DATED DEC 11TH 2015.

"Federal Cabinet has signed off on plans to use \$6 billion in annual infrastructure spending to strike new deals with the states to grow the nation's big cities, including a proposal to set up legislated authorities to take politics out of planning."

"The decision clears the way for a push to set up major projects as INDEPENDENT AGENCIES to prevent politicians scrapping work already funded by Canberra,"

"States wouldas part of an agenda that would favour urban density over urban sprawl."

"The agenda represents a radical departure in federal activity in urban planning following the rise of Malcolm Turnbull,"

"The cabinet meeting starting with a meeting in early March with state and territory planning Ministers."

"Rather than just hand over cash for a project, we would be part of it - we would be at the table tied in to the project."

AUTHOR’S COMMENTS:

The PM and his cabinet’s decisions, when implemented, would take away state and territory’s right to set and control their urban planning policies that have been in place since federation, handing that responsibility to the Federal Government and clearing the way for the UN’s One World Government to remove Australia’s sovereignty and take control.

Their Independent Agencies and commissions would be controlled by the UN and are designed to implement the UN’s ICLEI’s Agenda 21 {SDG’s}. The Prime Minister decided to change the name from Commission, as was used for the Greater Sydney Commission on which his wife Lucy is Chair, to Independent Agencies after I informed a journalist about the real deal, Agenda 21.

ICLEI LOCAL GOVERNMENT CLIMATE CHANGE ROUNDTABLE {FTI DOCUMENTS}

ICLEI LOCAL GOVERNMENT CLIMATE CHANGE ROUNDTABLE {FTI DOC}

WHAT ARE THE POLICY GAPS AND RESEARCH PRIORITIES FOR LOCAL GOVERNMENT IN DEALING WITH CLIMATE CHANGE?

“Sponsored by the Federally funded organisations, the Australian Centre of Excellence for Local Government {ACELG} and the National Climate Change Adaption Research Facility {NCCARF} the purpose of the roundtable is to:

- *Build a common understanding amongst leading local government researchers about where councils are at in terms of both adaption and mitigation.*
- *Explore gaps in research and policy support available to the local government sector especially smaller councils.*
- *Identify special actions that can be taken by the ACELG and NCAARF networks and partners.*

COUNCILS, REGIONAL ORGANISATIONS, LOCAL GOVERNMENT ASSOCIATIONS, PROFESSIONAL ASSOCIATIONS, FEDERAL AND STATE GOVERNMENT DEPARTMENTS, ACADEMIC RESEARCHERS AND SCIENTISTS WILL BE REPRESENTED. EXPERT FACILIATORS WILL BE ENGAGED TO ENSURE THE ROUNDTABLE AIMS ARE ACHIEVED.

AN AUSTRALIAN GOVERNMENT INITIATIVE.

MATTERS OF INTEREST, COUNCILS EXCEEDING THEIR LEGISLATIVE AUTHORITY IN IMPLEMENTING AGENDA 21 AND GLOBAL EDUCATION.

In the 2006 Federal Government’s State of the Environment {SOE} Report, it stated that councils around Australia were exceeding their legislative authority in implementing Agenda 21, but the Liberal / National Coalition Government took no action. WHY?

It is ‘voluntary’ or ‘non-binding’, Environment Minister Greg Hunt said, as politicians continued to implement AG21 programs and campaigns and as they restricted private property rights and prosecuted Australian citizens for not complying with the dictates of the UN.

As already stated, “Back in 2002 the US Department of Education, with help from Bill Gates, Steve Jobs, AOL Time Warner, Dell Computer, Cable in the Classrooms, Cisco Systems and the National Education set up an organisation called, Partnership for 21st Century Skills or P21.org for short. I found a link on teach UNICEF website. Yep, UNICEF is still part of the United Nations.”

“The link was titled: Have you seen the Partnership for 21st Century Skills’ new report on GLOBAL EDUCATION?”

AG21 has undergone a name change and transformation, post – 2015 agenda, recently signed by Julie Bishop. AG21 now comes under the umbrella of the ‘SUSTAINABLE DEVELOPMENT GOALS’.

I FIRMLY BELIEVE THAT PRIME MINISTER MALCOLM TURNBULL IS A FRONT FOR THE UNITED NATIONS AND NOW LEADS THE U.N’S ONE WORLD GOVERNMENT IN THIS COUNTRY.

AUSTRALIAN ARTICLE 'CLIMATE CHANGE FIGHT SPREADS TO A WIDER ENVIRONMENT'

WRITTEN BY GRAHAM LLOYD.

*"With the ink not yet dry on the **Paris climate change agreement**, the foundations are being laid for a significant campaign to transform the nation's environmental thinking.... The "new deal" plan stakes a claim for disruptive renewal laws, policy and land management practices across the board..... Underpinning it all is development of a policy-reform blueprint that calls for greater co-operative federalism and genuine green – tape reform through the creation of new institutions such as a federal environment protection agency with sweeping powers."*

"The clock has been started on a three month consultation process to build grassroots support for change. Business, community groups and all levels of government will be pressured to join a roundtable discussion on reform."

"Environment groups want the federal government to convene a COAG process to align the disparate climate policies between jurisdictions..... An alliance of environmental groups has established the Australian Panel of Experts on Environmental Law to develop the blueprint for change."

AUTHOR'S COMMENTS:

First, have no doubts that this is a sham exercise. Those to be involved in the sham consultation have been implementing AG21 through their membership in the U.N's ICLEI for twenty three years, i.e., COAG, state, territory and local councils, selected community groups and business.

Second, the so called Expert Panel wants to separate the Federal Government's powers to legislate and control environmental laws, instead, create and control their own EPA which will elevate animals and plants above man and give Lawyers the power to represent both.

Third, Property, planning, private ownership, economy, land management, businesses will all be taken over and controlled by the EPA. Nothing will be free from the EPA's reach.

Lucy, Malcolm and his Cabinet's proposal to create commissions and Independent Agencies are integral to introduce the U.N's, One World Government. They are designed to meet the U.N.'s SDG and take away community, state/territory and local councils' urban planning powers and remove private property rights.

CHECKING THE 'FINE PRINT' OF THE UN'S POST – 2015 SUSTAINABILITY AGENDA:

Why has the UN decided to omit so many vital details?

Why has this deceit been approved by Australian politicians?

Will the Australian Government force citizens to comply with the UN's post-2015 agenda, as they did with the 'non-binding' Agenda 21?

Written by Graham Williamson, Oct 2015 {2nd edit}.

"For 23 years the Australian government, State governments and local councils have been implementing the United Nation's Agenda 21 program, a program aimed at transferring power to the UN so that they can control all Australians."

“Now, after 23 years of subverting democracy and permitting the UN to interfere in Australian domestic affairs, the government is moving to the next stage, the UN’s post-2015 agenda, a summary and history of which, appeared in Volume 32 of the Earth Negotiations Bulletin.”

“In September 2015 the Australian government attended the UN SDG SUMMIT in New York as the UN sought to lock the entire world into their post-2015 agenda using the summit and the Paris climate conference in December. In continuing this process of undemocratic subservience to the UN’s Agenda 21/sustainability process, Foreign Minister Julie Bishop signed Australia up for the post-2015 agenda. Like Agenda 21, which the Australian government has been forcing Australians to comply with for 23 years, the Australian government also describes the SDG / Post 2015 process as ‘NON-BINDING’ .“

AT THE SDG SUMMIT AUSTRALIA PLEDGED TO “DOUBLE INVESTMENT IN DOMESTIC RESOURCE MOBILIZATION BY 2020 AND HAS INCREASED ITS CONTRIBUTION TO THE GREEN CLIMATE FUND TO US\$200 MILLION.”

AS TOM DEWEESE POINTED OUT IN “A NEW AGENDA 21 THREATENS OUR WAY OF LIFE”:

“Well, guess what, Agenda 21 is not a done deal and one of the main forces to recognize that fact is the UN itself, along with a mob of NGO’s. And because it is not a done deal, they are all planning a new massive gathering to reboot Agenda 21 and force it across the finish line.”

The fact that Agenda 21 is being renewed and expanded by the SDG’s is further confirmed by UNESCO:

“THE SDG PROCESS WAS INITIATED IN 2012 BY THE RIO + 20 SUMMIT OUTCOME DOCUMENT “THE FUTURE WE WANT.....THE SDG’S IDENTIFY CHALLENGES OF MANKIND IN THEMATICALLY DIFFERENTIATED FIELDS OF ACTION, FOLLOWING THE TRADITION OF AGENDA 21 AND THE SECTORAL ORGANISATION OF POLITICS AT NATIONAL AND UN LEVEL.”

FAR FROM BEING A ‘DEAD’ NON-BINDING AGREEMENT, AGENDA 21 IS BEING ‘REBORN’ AND ‘REVITALISED’ AND INCORPORATED INTO NATIONAL AND SUB-NATIONAL LAWS, WITHOUT THE DEMOCRATIC APPROVAL OF THE PEOPLE.

QUESTIONS REGARDING SDG’S, AGENDA 21 AND AUSTRALIA’S COMMITMENT WERE PUT TO JULIE BISHOP, DAVID HUGHES,{Office of the Prime Minister}, and CHRISTOPHER PYNE REMAIN UNANSWERED.

FURTHER ATTACKS ON AUSTRALIA’S SOVEREIGNTY:

**‘FAMILY WATCH INTERNATIONAL’,
POLICY BRIEF, ON THE WEB:**

“THE RIGHT OF THE UN MEMBER STATES TO NATIONAL SOVEREIGNTY IS INCREASINGLY BEING UNDERMINED BY THE ACTIONS OF ROGUE UN AGENCIES, SPECIAL RAPPORTEURS AND TREATY MONITORING BODIES THAT ARE ATTEMPTING TO CREATE NEW RIGHTS TO WHICH UN MEMBER STATES HAVE NOT CONSENSUALLY AGREED.”

“In 2006, 9 UN Special Rapporteurs and 21 sexual rights activists calling themselves “The International Commission of Jurists and the International Service for Human Rights” and defining themselves as “EXPERTS”, developed the Yogyakarta Principles, which in essence, are a wish list of sexual rights relating to sexual orientation and gender identity that UN Member States would not be able to restrict or limit.”

“The drafters claimed these principles “reflect the existing state of international human rights law in relation to issues of sexual orientation and gender identity” and “affirm binding international legal standards with which all States must comply.” Yet, the drafters failed to identify the supposed “binding legal standards” on which the principles are based. At that time, “sexual orientation” and “gender identity” were not mentioned in ANY UN Treaty or other consensus document.”

“YET UN AGENCIES HAVE ATTEMPTED MULTIPLE TIMES TO INCORPORATE BY REFERENCE THE CONTENT OF THE PRINCIPLES IN CONSENSUS DOCUMENTS.”

The CEDAW Committee alone has pressured more than 65 countries to change their laws and legalize abortion even though UN consensus language clearly states: “ANY MEASURES OR CHANGES RELATED TO ABORTION WITHIN THE HEALTH SYSTEM CAN ONLY BE DETERMINED AT THE NATIONAL OR LOCAL LEVEL ACCORDING TO THE NATIONAL LEGISLATIVE PROCESS.”

*“UN Consensus language also makes it clear that **“IN NO CASE SHOULD ABORTION BE PROMOTED AS A METHOD OF FAMILY PLANNING,”** but that has not stopped UN bureaucrats from undermining national sovereignty by claiming that a broad right to abortion on demand exists.”*
